

## PLAN SWEEPING INVESTIGATION OF NAVY DEPARTMENT

Charges of Inefficiency by Sims Will be Traced Down

## HOUSE WILL ALSO TAKE A HAND

WASHINGTON, January 19.—Charges of Rear-Admiral Sims, that the navy department failed to cooperate fully with the allies during the great war will be investigated by the senate subcommittee before which they were made.

It was decided today by the full naval committee, which also authorized appointment of another subcommittee to determine whether there should be an inquiry into charges made by John R. Nathan, editor of the Providence Journal that with the knowledge of Secretary Daniels, "many seamen in the navy have been used for the most vile and nameless practices in order to entrap innocent men. While the senate committee was in session, Secretary Daniels, announced that Admiral Sims would be called on to make good his charges either before the senate or a naval board.

Simultaneously Chairman Butler of the house naval committee announced that Major General Leonard Wood would be called before the committee to explain statements attributed to him that American naval vessels were "floating death traps." General Wood explained at Portland, Me., today that what he said was that naval ships manned by untrained crews would be death traps in battle.

Inquiry into Admiral's Sims' charges will not be started until the present investigation of naval decorations is completed, which probably will be within ten days. The investigation of today with Admiral Sims concluding his testimony. Rear-Admiral Mayo, commander-in-chief of the Atlantic Fleet during the war will be called tomorrow.

The committee today took up telegrams sent to Senator Lodge and other members by Mr. Ranthon, charging immoral conditions in the navy and it authorized Chairman Page to appoint a subcommittee to make a preliminary inquiry to develop whether an investigation was warranted.

Mr. Ranthon alleged that there was a division of the naval intelligence created and maintained for the specific purpose of using naval seamen to "entrap innocent men" and that as the result of the "practices" resorted to "the morale of the navy department is being rapidly destroyed."

He added that "the entire blame for this situation stands at the door of Mr. Daniels and nowhere else and that "we have ample evidence in proof of these assertions."

Assistant Secretary Roosevelt asserted that the special board of inquiry appointed by the judge advocate general of the navy two weeks ago had full authority to investigate the methods employed by naval intelligence officers in securing evidence from persons under suspicion of moral delinquency and to inquire into all judicial procedure of the navy at Newport.

While charges of improper methods of obtaining evidence in such cases have been in the hands of the navy department for two months, Mr. Roosevelt said, the department had withheld action upon them until the cases of several civilians brought to trial upon evidence furnished by the navy.

Secretary Daniels declined to discuss either the Ranthon charges or the assertions attributed to General Wood, saying that if any one wished to "put him on oath and let him tell what he knows about the navy, he might be called before the committee and he can explain his expert knowledge."

Entering a general denial of the Sims charges against the navy department, the naval secretary declared "the matter has gone so far that unless the senate investigation the charges are proven to the entire satisfaction of the American people, an inquiry will be made by a naval board."

The secretary emphasized that Admiral Sims was not commander-in-chief of the American naval forces overseas and that throughout the war he was subordinate to Admiral Mayo as commander of the Atlantic fleet, and to Admiral Benson, chief of naval operations. He said Admiral Sims' duty was to make recommendations to the department and then to obey the orders issued after those recommendations were considered.

Mr. Daniels indicated that there were frequent clashes between the department and Admiral Sims because destroyers were not withdrawn from convoying troops and assigned to

## U. S. REPRESENTATIVE OF LEAGUE RESIGNS

Under-Secretary General Offers Resignation on Account of America Not Being a Member.

Washington, Jan. 19.—Raymond B. Fosdyke, under-secretary general of the league of nations and American representative in the league machinery so far has resigned. Mr. Fosdyke says that inasmuch as the league has not been accepted by the United States he did not feel he could continue.

Mr. Fosdyke offered his resignation in a cablegram to Sir Eric Drummond, secretary general, in which he said:

"Now that the league of nations is no longer a provisional organization but has become established as a going concern the continued lack of decision as to America's course places me personally in a position of peculiar embarrassment. In order, therefore to avoid any confusion or misunderstanding as to my opinion as under-secretary general of the league it seems best for me to tender my resignation."

Fosdyke is a young lawyer who attracted national attention during the term of Mayor Gaynor by the manner in which he investigated the municipal finances.

During the war he was chairman of the commission on training camp activities and was appointed an under-secretary of the league of nations by Sir Eric Drummond last May. He represented the league in the sessions of the international labor conference in Washington last November.

## LODGE GIVES VIEWS ON OUTCOME OF PACT

Message Read at Dinner Given in Honor of Senators Johnson and Reed Outlines Prospects.

New York, Jan. 9.—Senator Henry Cabot Lodge, in a telegram read tonight at a dinner given in honor of Senators Hiram Johnson and James A. Reed, declared that there were "certain great principles" involved in the senate reservations to the peace treaty on which no compromise is possible. "We are now considering," he telegraphed, "suggestions made by representatives of the minority who favor ratifying the treaty without change. There are certain great principles on which no compromise is possible and it remains to be seen whether we can come to any agreement which will command a two-thirds vote of the senate."

One thousand guests were present at the dinner which was given by a committee of American business men, headed by R. M. Herd, Henry M. Marsh, George Henry Payne, Jules S. Bache, L. F. Loree, Otto F. Kahn and James M. Beck.

James T. Williams, editor of the Boston Transcript and a toastmaster in place of Colonel George Harvey, who was unable to be present on account of illness. In his telegram Senator Lodge said that he had worked all thru the summer with many other senators to agree on reservations which would protect the peace, the sovereignty and the independence of the United States but which would cover only our relations to the league of nations.

He said that the reservations finally agreed upon were drafted by those who desired to have the treaty ratified and that many of the senators who voted for them made large concessions in doing so.

A telegram from Senator Knox of Pennsylvania, was also read, in which he declared that if he voted to advise the ratification of the treaty he would feel that he had compromised by Americanism, surrendered by judgment to follow the clearest convictions I have ever entertained upon a public question.

## GERMANY NOW HAS EXPLOITATION LAW

BERLIN, Sunday, Jan. 18.—The shops council bill otherwise known as the "exploitation law," one of the most radical pieces of economic legislation since the war, was passed by the national assembly today after five days' acrimonious debate.

The measure affects all places where more than five men or women are employed, excepting newspapers. The five or more employees elect a steward who will confer with the employer on the relations with the workers and the general conduct of the business. The number of stewards varies proportionately to the size of the staff.

A foreman or department chief may be forced to quit regardless of his services to his employer. This feature was stubbornly fought by the big business interests. One of the last modifications of the bill prohibits an employer from discharging a woman and substituting a male employee for reason of sex alone.

## LOWDEN LEAVES ON SPEAKING TOUR

Springfield, Ill., Jan. 19.—Governor Frank O. Lowden left Springfield today for Minneapolis where he will address a meeting of the Northwest Lumber Association tomorrow afternoon. He will speak at Denver, Colorado later in the week.

Seattle, Wn., Jan. 19.—Department of justice agents assisted by Seattle police tonight arrested sixty members of the Union of Russian workers, an alleged an-

## BERKMAN AND GOLDMAN ENTER SOVIET RUSSIA

Undesirable Aliens Deported from U. S. Reach End of Trip

## CHEERED BY WAITING "REDS"

TERIJOKI, Finnish Russian Border, Jan. 19.—The undesirable aliens headed by Alexander Berkman and Emma Goldman, deported from the United States entered Soviet Russia at 2 o'clock this afternoon. They received an enthusiastic welcome.

The deportees laden with suitcases and boxes, trudged thru the deep snow laughing and singing revolutionary songs as they neared the border. Hearty cheers were raised by the Russians waiting for them in the other side of the frozen Systerhak river, which separates the Finnish and Bolshevik lines.

Willings hands helped them to scramble up the steep banks, and amid the ruins of the war wrecked town of Bielo-Ostrov overlooking the stream, the Bolsheviks gave the exiles a vociferous greeting that stirred up a frenzy of enthusiasm and delight among the new comers. They dropped their luggage, whipped off their caps as a military band played the Bolshevik anthem, and cheering wildly, broke open their boxes and cigarettes brought from the Buford, distributing them lavishly among the crowd. An amusing sight was a Bolshevik officer waving a can of American pork and beans as he gave orders to the soldiers. A mounted brigadier commanded the troops, which included boys who appeared to be scarcely more than 12 years old.

Emma Goldman and Alexander Berkman were last to cross the river waiting until the others were safely over. "This is the greatest moment of my life," exclaimed Miss Goldman to the Associated Press correspondent. "After thirty-five years of absence I am returning to Russia with a feeling of awe. I am glad to leave America, but I love the American people and expect to return there some day."

## EX-BOOZE FIGHTERS TO ENFORCE DRY LAW

Formerly Intimate Friends of John Barleycorn Enlisted by New York Revenue Agent.

NEW YORK, Jan. 19.—Men who were formerly intimate friends of John Barleycorn are being enlisted to enforce prohibition in New York. Col. Daniel Porter, supervising internal revenue agent, announced today that next to former service men he preferred "ex-boozers" fighters to fill forty vacancies in his force.

Former service men are the first choice on the assumption that they have a strong sense of public duty.

"Men who can show that they went on the water wagon prior July 1, are the next choice," said Colonel Porter because they have shown moral courage in voluntarily quitting the drink habit and because they have had training in getting on friendly terms with purveyors of liquor. Six hundred men, including many of the second preferred class were lined up outside the Colonel's office today seeking jobs.

An official conference was held in Colonel Porter's office on the problem of storage of the great quantities of liquor expected to be seized in this district, especially thousands of dollars worth left on piers because the owners could not get cargo space to export it before the amendment became effective. Federal agents were sent out to inspect piers and cellars of saloons.

## ONE MORE CHANCE LEFT FOR "WETS"

WASHINGTON, Jan. 19.—The supreme court today decided to pass on the validity of both the federal prohibition amendment, which became operative last Saturday, and the act of congress prescribing the manner of its enforcement.

The court's decision will be rendered on proceedings which are to be instituted by the state of Rhode Island, which was given permission today to bring an original suit, solicited by General King for the government and announced that he immediately would prepare and file a motion asking for dismissal of the Rhode Island case on the ground that the court lacked jurisdiction.

## PETITION TO INCREASE RATE OF NEW FRENCH CABINET

Paris, Jan. 19.—Premier Millerand conferred this afternoon with the members of his newly appointed cabinet and then went to the Elysee Palace alone to visit President Poincare. It was announced that M. Millerand would present the ministers to M. Poincare at 11 o'clock Tuesday morning and later to President-Elect

## INFLUENZA SPREADING RAPIDLY IN CHICAGO

CHICAGO, Jan. 19.—Chicago's health department was swamped with appeals for nurses today to combat the spread of influenza and pneumonia of which more than two thousand cases have been reported in the last forty-eight hours, with fifty deaths. Health department officials declared the city needed at least 10,000 nurses to handle the situation properly. Six hundred nurses operating from eight dispensaries today began a survey of the city to aid in relief measures and plans were made to greatly augment this force tomorrow.

Since 9 o'clock this morning 500 new cases of influenza were reported to the board of health, with ten deaths, and new pneumonia cases numbered 100 with sixteen deaths.

Health development officials pointed out that the death rate has been extremely small as compared with last year's epidemic and with the number of cases reported.

Health Commissioner John Dill Robertson today started a campaign against "cold flat" owners when 150 complaints were received.

Bacteriologists who met with the health commissioner today to discuss plans for combating the epidemic decided that none of the serums and antitoxins put forward as preventatives last year, be used.

"We are not yet certain that the germs this year are the same as

## REPORT ALL WELL ABOARD POWHATTAN

Wrecked Transport 200 Miles Southeast of Halifax Awaits Lift Up of Storm to Remove Passengers to Waiting Ships.

BOSTON, Jan. 19.—The White Star Liner Cedric reported by radio tonight that she had taken off the passengers from the army transport Powhatan disabled 200 miles southeast of Halifax and was "bringing them in." The Cedric is bound from Liverpool for New York.

New York, Jan. 19.—Lightless and headless, with her engines dead as the result of a leak which flooded her boilers, the army transport Powhatan which left Friday for Antwerp is struggling tonight in a storm swept sea about 200 miles southeast of Halifax. On board are 271 army and civilian passengers including eleven women and eight children and a crew of more than 200 men.

Wireless S. O. S. calls sent out Sunday telling of the vessel's plight have brought around her a half dozen Atlantic steamers ready to give aid if it is possible. Waiting at Halifax and Northern Ports of the United States are tugs and destroyers with steam up ready to put to sea if they are needed.

Late wireless advices, however, state that the leak in the ship's hull has been controlled, and that other than discomfort from the cold the passengers are all right. The White Star Liner Cedric is standing by waiting for the weather to moderate so that the passengers can be taken off.

A message late today from Captain Randall of the transport said the barometer was rising, indicating the passing of the storm and he said that all well with the passengers aside from their discomfort. The majority of the women and children on the Powhatan are relatives or army officers and enlisted men, or of the civilian detachment detailed to prepare for the return of soldier dead from abroad.

The army force as shown by records here, consists of four officers and 179 men and the civilian passenger list has 88 names.

## BOILERS EXPLODE; THREE ARE KILLED

East Chicago, Ind., Jan. 19.—Three men were killed and 11 others injured today by an explosion of boilers in the plant of the Interstate Iron and Steel Co. here.

Falling chimneys and walls brought danger to more than 50 employees who were in the plant at the time.

The explosion occurred before the day shift had reported for duty.

Company officials asserted that the explosion was accidental.

## EIGHTEEN EXTREMISTS ARE ARRESTED

New York, Jan. 19.—Department of justice agents today arrested on deportation warrants 18 extremists alleged to be trying to re-organize the union of Russian workers a communist society headed by Peter Blanki who was deported to Soviet Russia with Emma Goldman and Alexander Berkman.

## CONFERS WITH MEMBERS OF NEW FRENCH CABINET

Paris, Jan. 19.—Premier Millerand conferred this afternoon with the members of his newly appointed cabinet and then went to the Elysee Palace alone to visit President Poincare. It was announced that M. Millerand would present the ministers to M. Poincare at 11 o'clock Tuesday morning and later to President-Elect

## NEVER PUNISH MEXICANS FOR KILLING TANKS

Declares Witness Before Senate Investigating Committee

## MANY TELL OF OUTRAGES

SAN ANTONIO, Texas, Jan. 19.—After describing one outrage after another which he claimed to have witnessed, Dr. John Hunter, an American physician of Nogales, told the senate subcommittee investigating the Mexican situation today he never had known of a Mexican being punished for killing an American in Mexico.

"There has been no safety for American life or property in Mexico since 1910," he said, adding, "I have known a lot of Mexicans in that time, and I do not know one—and I know Carranza—whose oath I would accept."

Dr. Hunter was one of the Americans at Guadalajara when the Americans occupied Vera Cruz. His account of the flight of the Americans was accepted as additional evidence of the highest regard held by Mexicans for the British and German foreign representatives. It was the British consul who afforded protection to the Americans at Guadalajara and on the way to the coast and a German clerk at another town who effected the immediate release of Americans held by Mexican soldiers by declaring himself a German consular officer.

J. D. Ward, now farmer in Texas, gave the committee the first instance in its record of an American scoring on the Mexicans.

Ward shot three of them and got back into the United States without being captured. He was living on a fruit farm with his wife in 1915, he testified. One night he was visited by soldiers by one subsequently identified as a non-commissioned officer in the Carranza army. Ward said he gave the leader some money but not enough to satisfy him, and he and his men tried to force their way thru the door.

"I had made up my mind I would have to fight," he testified. "As the leader came in I fired and he fell on the porch. The others began firing at the house and continued their efforts to enter. By the glow of their cigarettes I had estimated there were not more than eight or ten in the background when the controversy had begun. Pretty soon another came in sight and I let him have it too, and a moment later I managed to make the outlines of another man behind the flashes of his pistol and I got him."

It developed next day, he said, that the Mexicans on their way to his house had raided that of an American negro brutally attacking the man's wife also a negro.

A big Cherokee Indian, Odia Jacks, told the committee he had been held for 19 days and ordered shot by Colonel Lopez de Lara, who insisted he was a Yaqui Indian and not a villager. Jacks is from Pine Bluff, Ark. His testimony was corroborative of others who have told of outrages and depredations by different factions in that part of Mexico.

When the train on which Dr. Hunter and other American refugees was on its way from Guadalajara to the port at Manzanillo the occupants were subjected almost constantly, he declared to the jeers and threats of the Mexicans at stations thru which the train passed. The Mexicans were convinced by the manufactured news that was being printed in the papers that already their country and the United States were at war, that every American town on the border except El Paso had been captured and that already "a Mexican army of 150,000 was trampling the soil of the United States while the cowardly Americans were fleeing to the north."

At one place the American flag was flouted before the men, swept over the ground and then torn into strips. These strips were burned, the ashes being thrown thru the car windows into the faces of the Americans.

## WOMEN TO OFFICIATE AS BOXING JUDGES

New York, Jan. 19.—Society women will officiate as boxing judges at the amateur tournament for the benefit of wounded soldiers at Fox Hills hospital tonight.

The women who will invade the ringside and assist Sergeant Ray Smith the referee in deciding the winners are: Mrs. Edward McVicker; Mrs. Theodore Roosevelt Bell and Mrs. Joseph H. Sears.

## WILL SUBMIT SCHEDULE TO SENATE

Chicago, Jan. 19.—President Ban Johnson of the American league returned tonight from a hunting trip to Louisville where, with President Heydler, of the National league he drafted the major league schedule for the 1920 season. The schedules will be presented for adoption at the joint meeting of the American and National league club owners

## MARTENS REVIEWS HIS LIFE HISTORY

Senate Investigation of Bolshevik Propaganda in U. S. Comes to a Sudden Halt.

WASHINGTON, Jan. 19.—The senate investigation of Bolshevik propaganda in the United States came to a sudden halt today after Ludwig C. A. K. Martens, self styled Russian soviet ambassador read a preliminary statement reviewing his life history.

The subcommittee adjourned so members might attend other important committee meetings and Chairman Moses said the inquiry would not be resumed until Monday to permit Wade H. Ellis, former attorney general of Ohio, who was engaged today by the subcommittee as counsel, to reach Washington.

Martens, who was accompanied to the committee room by his attorney, former Senator Hardwick of Georgia, and his secretary, Santeri Nuorteva, was told to consider himself in the custody of the committee until his testimony had been contemplated. No effort was made by department of justice attorneys to serve on Martens the warrant issued some ago for his arrest on charges of radical activities and was understood that service would be withheld until the committee had finished with him. Former Senator Hardwick told the committee his client was wholly innocent of any activity or agitation tending to overthrow the American government and had conducted himself with the strictest of propriety under the rules of international law.

After it hears the soviet agent the committee plans to call his secretary and also his scolded chief of staff, Gregory Weinstein, who is at liberty on bond awaiting hearing on deportation proceedings.

Chairman Moses said after Monday it was planned to proceed rapidly with the investigation.

## MINE OWNERS MAY RESPOND TO MINERS

Opportunity Given By Strike Settlement Commission—Pennsylvania Operator in First Response.

Washington, Jan. 19.—Mine owners will be given opportunity today by the coal strike settlement commission to respond to the demands presented by miners spokesmen last week for the rectification of certain wage differentials. The miners demands, which are additional to the requests for a general wage increase and the 30 hour week, were met by Tracy L. Guthrie for Western Pennsylvania operators with the assertion that they merely amounted to methods of raising wages by indirect methods.

Thomas T. Brewster for the Illinois operators, C. A. Maurer for Ohio and Phil H. Penna for Indiana, agreed with Mr. Guthrie's assertion.

Ed Stewart, president of the Indiana miners' union replying to Penna's remarks incidentally brought in the charge that certain Indiana miners were accustomed to sell coal impurities and sludge mined along with the burnable production. President Robinson of the commission agreed to allow a defense of the charge to be made by the companies mentioned before closing the record.

## SEVEN VILLAGES WITHOUT LIGHTS

Rock Island, Jan. 19.—Seven villages, which have been securing electric light and power from the Matherville plant of the Rock Island Southern Railroad Co., were without service last night.

Officers of the company said today they did not know how long the plant will be closed.

The company one week ago discontinued passenger and freight service on its line between Rock Island and Monmouth, later issuing a statement saying that resumption depended upon action by the United States railroad administration which the company failed to take over control of the line.

## SUPREME COUNCIL HOLDS SESSION

Paris, Jan. 19.—The supreme council with M. Clemenceau presiding and Hugh C. Wallace, the American ambassador present, this morning heard representatives of the Azerbaijan and Georgian governments with reference to the integrity of their territory and its eventual defense against attacks by the Bolsheviks.

M. Clemenceau will preside at the meeting of the council tomorrow and according to latest information will continue to represent France until all the business in hand in which he has had a personal part is finished.

## SEEK INCREASED STREET CAR FARES IN OTTAWA

Springfield, Ill., Jan. 19.—Application for approval of increased street car fares in Ottawa, Ill., was filed with the state public utilities commission today by the Northern Illinois Light and Traction Company. A similar application was filed by the Cairo Electric & Traction Company.

## DEATHS AT CAMP GRANT

Camp Grant, Ill., Jan. 19.—Lieut. Raymond Hauser medical corps and Private William A. Robb, 52nd infantry died at Camp Grant yesterday of pneumonia. Lieut. Hauser resided at Danville, Pa., and Private Robb at Taylorville, Ill. The number of new cases of influenza continues to decrease daily. Jan. 19.

## CLAIM SUCCESSFUL OF RED ARMY FORCED LIFTING BLOCKADE

Work Out Details for Reopening of Trade With Russia

## U. S. FIRST SUGGESTED PLAN

LONDON, Jan. 19.—The military successes of the soviet forces were the cause of the action of the allies in deciding to permit the re-opening of trade with Russia according to a wireless statement from Moscow, picked up here, in which industrial Russia is urged to apply itself to its tasks. The message says:

"The blockade ring has been broken by the victories of the red army. The army of labor has started its campaign. The workers defeated the enemy when thousands of faithful hands took up the matter."

## Work Out Details.

LONDON, Jan. 19.—The joint committee here of the Russian co-operative society will leave for Paris tonight for a conference with the allied council's representatives to work out details for putting into operation the re-opening of trade with Russia thru the societies. The details of the transportation arrangements, the question of priority in imports and exports and the vexed problem of financing the transactions will be worked out in consultations expected to continue several days.

LONDON is the main headquarters of the Russian co-operative movement, but several of the largest societies also have Paris branches. The committee which is going to Paris comprises representatives of four of the largest societies who are delegated to act on behalf of eight or ten smaller organizations. The committee's Chairman M. Morosoff, is general manager of the union of Siberian co-operative unions. Asked whether sufficient gold was available in Russia to finance a resumption of trading on any considerable scale M. Morosoff said:

"We have no gold, but we have what is better than gold—raw materials."

Relative to the difficulties of finding a medium of exchange to facilitate foreign dealings in view of the depreciation in the value of the ruble, M. Morosoff said:

"It is impossible to say whether the plan will be worked out and in Paris but since we have the things the rest of the world wants and we need virtually everything the other world markets have to offer, it is certain that a workable system by which the dealings can be completed will be evolved. The bulk of the accumulation of raw fish and other commodities is in central and southern Russia, which is a favorable circumstance since Black Sea shipping is not attended by the many difficulties which would have to be overcome should trading be resumed thru the Baltic ports alone."

The opinion of representatives of American leading corporations having Russian connections was not so sanguine.

There seemingly was skepticism regarding the reports of the vastness of Russia's stores which could be exchanged for American manufactures and also regarding the ease with which financial problems might be solved.

"It is going to be like the buying of Manhattan Island from the Indians," was the comment of a representative of a New York bank. "The only way we now see of taking advantage of the Paris decision," he continued, "is to load a boat with, say, clothing or machinery and get the cargo into Russia and swap it for so much wheat or flax. This is the only way unless the value of the ruble is bolstered thru international backing."

"It is difficult to reconcile the reports of the enormity of Russia's products which are awaiting export with the ever-recurring reports of the prevalence

(Continued on Page Four)

## WEATHER INDICATIONS AND TEMPERATURES

Illinois: Unsettled weather Tuesday and Wednesday, probably snow in north and rain or snow in south portion; colder Wednesday.

Temperatures.

The president of the American Woolen Co., is going to erect a big department store in a Massachusetts city in order to sell his 15,000 employees goods at cost. The intimation is that he expects to save for his employees about 50 per cent. One cannot but wonder what sort of manager this philanthropic employer has been enjoying himself in past years. The woolen industry has not been rated as unprofitable.

The chief advocates of the Plumb plan seem to have agreed that there is no chance of any early acceptance of that plan and are turning to other means for the betterment of the condition of railroad workers. The plan now proposed is much more reasonable. The thought is for labor to combine with farmers in the endeavor to lessen the difference in cost of commodities between the producer and the consumer. This is a worth while problem to attack—one which can be solved with at least some degree of satisfaction and without doubt savings can be effected.

Men, and brainy ones at that, differ very largely over the advisability of deporting radicals. No less stalwart American than Judge Oren N. Carter of the supreme court believes that it is a great mistake to deport radicals. He believes that these people should be converted to American

ideals and that deportation simply has the effect of increasing radicalism in other quarters and making more active propagandists. It is a big question, this of dealing in the best way with undesirable citizens, but the judge is certainly right in indicating that men's hearts must be right before there can be real reform.

Those who have been trying to divert attention from the Louisiana producers by charging high sugar prices to the beet sugar producers have been completely answered by Senator Smoot, of Utah, who shows that of the present sugar beet crop fully twice as much has been marketed as usual at the same time of year and before the 25 cent price was named. Southern sugar is almost the sole beneficiary of the administration's management of the sugar supply.

## FARE INCREASES NUMEROUS.

The Jacksonville Railway and Light Co., in asking for higher fares will no doubt say public opinion and the regulatory bodies are awakening to the situation as indicated by the fact that up to Nov. 3 in 458 cities, located in all but three states of the Union, fare increases had been granted. These official figures show that in 53 cities the fare is now 10 cents. The following tabulation shows the various rates of fares the number of cities in each class and the population affected:

Fares	No. of Cities	Population
Increased to 10 cents	53	2,997,071
9 cents	1	64,720
8 cents	13	3,094,048
7 cents	116	6,261,843
6 cents	182	10,027,750
Charge for transfers	6	5,872,127
Reduced rate tickets abolished	51	2,773,320
Zone fare systems	36	2,989,710

The increasing cost of service with fixed rates was undoubtedly the cause which forced more companies to the wall than in any year since traction statistics have been published. The receiverships are not confined to companies operating solely in thinly populated territory or in the small cities. The larger and supposedly more prosperous com-

munities such as St. Louis, Brooklyn, Providence, New York and New Orleans have also seen their local transportation systems placed under receivership. These conditions, however, while largely the result of accumulated burdens of regulation contained in their franchises or of organizational weaknesses, can in nearly all cases be attributed to the decreased net earning of the industry.

## THE TRUTH ABOUT STATE TAXES.

In some quarters an effort is being made to discredit the claim of Gov. Lowden's friends that the governor's economy program has made state taxes lower and resulted in definite saving to the taxpayer. The facts are easy at hand to prove the definiteness of the saving. County Clerk Riggs and his assistants are now at work on the tax books.

For example, in township 14-10 on a 320 acre tract assessed last year on a one third valuation the tax was \$48.10. This year the same tract is assessed on one-half of an increased valuation and the state tax as extended is \$55.50. In 19-11 the total state tax last year on a certain farm of 160 acres was \$20.25 and this year the state tax on the same farm is \$16.52. What is applicable to these two farms mentioned is true of the farm lands all over the county.

In Jacksonville the taxes will be higher but that is not due to the state tax rate but to other factors. The Jacksonville municipal tax this year will be \$87,807.05 by comparison with \$52,870.36 raised last year. The city funding bond tax and the school tax are principally responsible for this increase. The people are not likely to complain about these taxes for they are certainly getting their money's worth.

## NO REASON TO GET PANICKY.

The Indianapolis News has the following sensible suggestions about the influenza:

"Several hundred cases of the influenza have been reported in Chicago, and the disease has appeared at South Bend which is having trouble in finding hospital room for the victims or physicians to attend them. It is reasonable to suppose that the malady will be reported else-

where in Indiana. Indeed there has been some of it in the state this fall and winter, but so far it has not approached the proportions of an epidemic.

While it is well to sound a warning, there is no reason for people to become panic stricken at the thought of a recurrence of last year's siege with the disease. Physicians and health officials said then that it probably would reappear this winter, but they predicted that it would be in a milder form and not nearly so general.

Common colds are known to be contagious and any cold may easily become something worse. During the spread of the influenza there was not so much danger from the disease itself as from complications that came afterward, such as pneumonia and heart affections. The thing to do now is take care of one's self and to treat a common cold as something worth attention. There is no need for general alarm, but there is need for general watchfulness. People have gone thru a recent experience with the influenza epidemic and they should know by this time something about how to combat it. They should remember the advice given in the past and act upon it. If they will follow the directions of their physicians and be considerate enough of the general public to keep out of crowds and close places while afflicted with coughs and colds there should be no great spread of the disease. Such epidemics come thru carelessness and as the last one took thousands of lives people surely will be careful enough this winter to keep the disease at a minimum.

Rippling Rhymes  
By Walt Mason

## Winter Winds.

The winter, slow dragging, is spilling our lives; the wild winds are nagging like Billingsgate wives; all day they are ranting, they give us a pain; all night they are chanting a dippy refrain. The wild winds are bolder than wild winds should be, the keener and colder than bergs in the sea; they come and deliver a smart and a sting, and sufferers shiver and clamor for spring. And spring will be slipping along pretty soon, and

spring is a pippin, with roses of June. And how we will love her, the garlanded spring, when mockingbirds hover around us and sing! If winter were banished, to come back no more, we'd find, when it vanished, that spring is a bore. We wouldn't be grateful for breezes of May, if winter, the hateful, were out of the way. The long night is chilly, and plastered with snow, the mercury's silly, it's fourteen below; and thus we're in training the spring to enjoy; so cut out complaining and cheer up, my boy.

## ITEMS OF INTEREST FROM MANCHESTER

Eugene A. Roberts Received Into the Order of Eastern Star—Kansas Visitor Returns Home.

Manchester, Jan. 19.—At a meeting of the Eastern Star held Friday evening, Eugene A. Roberts was received into the order. After the meeting a social hour was enjoyed, during which refreshments were served.

Mrs. John York has returned to her home in Pittsburg, Kansas, after a brief visit at the home of Mrs. S. A. Wilson and Mrs. Laura Blackburn.

Mr. and Mrs. Walter Hanbach and family spent Sunday with relatives in Peoria.

Miss Angie Billings of White Hall is visiting her sister, Mrs. Laura Blackburn and family.

Mr. and Mrs. William Reese and family, who recently arrived from the state of Washington, are now occupying the property owned by William Long in the west part of town.

Mr. and Mrs. J. F. Travis and family spent Sunday in Roodhouse at the home of Mr. and Mrs. Joseph Baker.

Mr. and Mrs. W. F. Rimbe and family visited in Roodhouse Sunday at the home of Mr. and Mrs. Tony Grotjohn.

**BISHOP QUAYLE** will lecture Wednesday evening at Grace M. E. church at 8 o'clock. Subject "Rebuilding the World." Admission 50 cents.

## ACTORS FUND IS GIVEN BIG BOOST

The final report of W. Ward Smith, associate chairman in charge of the campaign for the actors' endowment fund of Greater New York, made public Saturday, revealed that \$739,386.05 was realized by the benefit performances in fifty seven theatres in New York on the afternoon of December fifth. Mr. Smith made the report to the board of trustees of the Actors' Fund of America, of which Daniel Frohman is president, at a meeting in the Museum Theatre on Saturday when he turned over the proceeds. Particular emphasis was laid upon the fact that the theatrical profession because of its patriotic help in winning the war has earned the solid support that was given it by the public.

CREAMERY COMPANY  
HAD GOOD YEAR

Satisfactory Report Made at Annual Meeting Monday Night—Officers Chosen.

The annual meeting of the stockholders of the Jacksonville Creamery Co. was held last night. The three directors whose terms expired, Dr. A. B. Applebee, Daniel Sweeney and L. T. Potter, were re-elected. The directors re-elected the following officers:

President—Dr. J. R. Harker.  
Vice president—E. E. McPhail.  
Secretary—treasurer—E. E. Crabtree.

The report of L. T. Potter, general manager, showed a year of satisfactory business and growth. The usual dividend of 6% was declared.

We are prepared to show a splendid line of new Millinery, Coats, Suits, and Dresses. J. HERMAN.

## DR. SHELTON GUEST AT WOMAN'S COLLEGE.

Dr. Frank M. Sheldon, who was here to address the forum at the Congregational church Sunday night, was a dinner guest of Dr. Harker at the Woman's college Monday. In the afternoon he addressed the students of the college, using as his theme, "A Divine Impossibility." He based his remarks, which were of a most inspiring and helpful kind on the verse, "He saved others, himself he cannot save."

Dr. Sheldon and Dr. Harker have been long time friends as they are both members of the council of church board of education. This council is made up of representatives of 16 or 17 denominations. In each instance a church body is represented by its secretary of education and one other person.

BRADFORD REGULATOR CO. DEPT. 5-D, ATLANTA, GA.

### Diphtheria

A sore throat is a good breeding place for Diphtheria germs. Protect your children by never neglecting a Sore Throat. You can wisely depend upon TONSILINE. Give Tonsiline upon the first appearance of Sore Throat—don't give Diphtheria a chance in that throat in its weakened condition. When TONSILINE is swallowed it comes directly in contact with the diseased surface and induces a healthy condition of the membrane—then the system can better defend the throat if attacked by Diphtheria germs. Keep TONSILINE in the house always. 35c., 60c. and \$1.00.

### NAME "BAYER" MEANS ASPIRIN IS GENUINE

For Colds, Headache, Pain, Neuralgia, Toothache, Lumbago, Rheumatism.

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions.

Handy tin boxes of twelve tablets each but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monaciacetate of Salicylicacid.

### SEEMS EVERYONE HEARD ABOUT IT

All Want to Try New Drug That Dries Up Corns so They Lift Out

Good news spreads rapidly and druggists here are kept busy dispensing freezone, the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any pharmacy, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection hereafter resulting from the suicidal habit of cutting corns.—Adv.

Mrs. Underwood—Irene Nortrup.

Marly Underwood—Marguerite Dickens.

Mrs. Underwood (director)—Alvin Dickups.

Mr. Trueblood (director)—Fred Meyer.

Mr. Cypher (director)—An-

**Tells How to Stop a  
Bad Cough**

Surprising results from this famous old home-made syrup. Easily prepared and costs little.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficulty breathing, or if your child wakes up during the night with croup and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes like candy and is of low cost. It can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pine Co., P. Wayne, Ind.

## You Need Not Suffer from Catar

But You Must Drive it Out of  
Your Blood to Get Rid of  
It Permanently

You have probably been in the habit of applying external treatments, trying to cure your catarh. You have used sprays, washes and lotions and possibly been temporarily relieved. But after a short time you had another attack and wondered why. You must realize that catarh is an infection of the blood and to get permanent relief the catarh infection must be driven out of the blood. The quicker you come to understand this, the quicker you will be cured.

drive the catarh poisons out of your blood, purifying and strengthening it, so it will vigor and health to the membranes on its journey to your body and nature will soothe you to health. You will be relieved of the droppings of catarh in your throat, sores in the mouth, bad breath, hawking and spitting.

All reputable druggists carry S. S. in stock and we recommend you give it a trial immediately. The chief medical advice the company will cheerfully give all letters on the subject. There is no charge for the medical advice. Address Swift Specialty Company, 432 Swift Laboratory, Atlanta, Ga.

draw Deimer.  
Milton Harmon—Luther Nortrup.

## More About That

### "Kidding"

Last week I gave you a little talk based on the "kidding" that someone thought they were giving me.

Now, the unfortunate but true part of it is that the joke is all on the other fellow.

I wish I had at hand a few tables of statistics showing the total wool produced in the world and the present demand. Anyway, I'll give you a few facts. As an illustration, it's just like this:

Enough wool is produced in a country to properly clothe fifty million people, but there are one hundred million to clothe. On top of this consider for one moment the peoples of those nations devastated by war where production in all lines for years was slowed up or entirely wiped out. They must be clothed, and those nations are bidding heavily in this and all the wool markets of the world. For these same reasons we have been unable to import woolsens.

The facts are that there are hundreds of millions to be clothed and but a few million pounds to go around, and it will take a long, long time for production to catch up.

The increased cost of labor and every other item that enters into a suit or overcoat also has had its effect. Costs vary in different communities because of conditions existing affecting manufacture, but as to the accusation of profiteering brought by my waggish friend, we defy him to find it in our shop, or in this city. Personally, we would much prefer being back in the old days making suits at \$18 per—we could make a little money then.

Just consider these facts in their true light and boost for production and then more production—and, if you are going to need a suit soon, BUY IT NOW.

ALBERT RENNER,

President

## CLAIM SUCCESSES OF RED ARMY FORCED LIFTING BLOCKADE

(Continued from Page 1)  
of starvation in that country. Where are these thousands of flax and other commodities? Agents of American banks who have been making tours of investigation have been unable to get satisfactory information on this point. For these reasons we are inclined to believe that American traders will find England and France and some of the former enemy countries all of which are urgently in need of American goods and more attractive markets.

U. S. Originated Idea.

Washington, Jan. 19.—Inquiry in official quarters today developed that the idea of exchanging commodities with soviet Russia, authorized by the supreme council, originated with the American government several months ago and was communicated at that time to the entente powers thru the supreme council. Since then there have been no further representations on the subject from Washington and the United States it was asserted has taken no part in the consideration of the matter. The state department is still ignorant of the details of the plan made in Paris to give effect to the proposal. At the Russian embassy here the plan meets with unhesitating condemnation as one certain to disappoint the purposes of its sponsor, which are understood to contemplate the strengthening of the better elements in Russia to a point where they can throw off the control of the Lenin-Trotsky regime.

Embassy officials asserted that the soviet government certainly well informed of the conditions in Russia and the extent of its own power never would knowingly acquiesce in the exploitation of any project that would sap its authority and bring about its overthrow.

Further it is stated at the embassy that the moral encouragement given to the soviet government by this patent evidence of recognition by its former enemies would completely discourage the efforts of the remaining loyal Russians to restore and rehabilitate Democratic government in Europe. It would be regarded by these Russians, it was added as a measure dictated not by strength

but by despair. Acceptance by the entente of gold in payment for goods sent into Russia, it was said, would carry with it political recognition. For it is pointed out that gold from any but an authorized government would be unlawful and would make the parties subject later on to reclamation by the real all-Russian government which regards this gold as a national fund and possession.

Finally it is held that the danger from a military point of view of invasion of the west by the soviet armies probably able to muster a million rifles if assisted in the way suggested with supplies which are certain to be given first to the soldiery would be increased rather than diminished and a peoples army would be created that would menace the safety of all of the neighboring states.

## TRIAL OF SUSPENDED SOCIALISTS TODAY

Decks All Cleared for Case Before New York Assembly Judiciary Committee.

Albany, N. Y., Jan. 19.—Decks were cleared tonight for the trial of the five suspended Socialist assemblymen which will begin tomorrow before the assembly judiciary committee. Attorney General Charles D. Newton, counsel for the prosecution announced he had engaged as assistant counsel former Supreme Court Justice Arthur E. Sutherland of Rochester and former Republican leader of the state senate Elton R. Brown of Watertown.

The prosecution, which also will have the assistance of Archibald E. Stevenson, counsel for the Lusk committee investigating radical activities in this state, had not indicated tonight the lines on which it would conduct its case altho Mr. Newton today held a long conference with his assistants.

Council for the Socialists arrived here tonight with other clients, August Claessens, Louis Waldman, Samuel A. DeWitt, Samuel Orr, and Charles Solomon. They professed confidence on their ability to show the ousted assemblymen fit to hold office. Morris Hilquit heads the array of defense counsel, which includes Seymour Stedman of Chicago, counsel for Eugene V. Debs and Victor L. Berger; John Bloch state chairman of the Socialist party, Gilbert R. Roe, former law partner of Senator LaFollette, Walter Nells and William Karlin, former Socialist assemblyman.

The suspended members tonight issued a joint statement in which they declared that it is not a matter of Socialism that is at stake at Albany, but the issue is wholly one of Americanism and fundamental democracy and whether a small group of politicians have the power to disfranchise 6,000 citizens.

\$85,000,000 FOR HOSPITALS

Washington, Jan. 19.—Appropriation of \$85,000,000 to be expended over the next four years for hospital and other facilities for discharged soldiers, sailors, marines and nurses is proposed in a bill introduced today by Senator Francis P. McCarren, Maryland. The medical aid contemplated would be under direction of the public health service.

## SECOND TRIAL STARTS

Paris, Jan. 19.—Georges Gaston Quine, convicted and condemned to death in September last on charges of having had treasonable dealings with the Germans and having betrayed to them Edith Cavell the English nurse, appeared before a court martial for trial for the second time today.

## MASTERS IN CHANCERY OF ILLINOIS MEET

## PLAN SWEEPING INVESTIGATION OF NAVY DEPARTMENT

(Continued from Page One.)  
duty in the submarine zone and added that it was the paramount duty of the navy to protect American soldiers going overseas. Declaring that when all the facts were laid bare the country would be proud of the navy's record in the war, Mr. Daniels said Admiral Sims must be required to establish every criticism he has made of the department.

"When the smoke blows away," the secretary continued, "I am confident that the people will see that the naval administration has been efficient."

Wood Misquoted.

Boston, Jan. 19.—Major General Leonard Wood, tonight denied that he had referred to the American navy as "a floating death trap" in his address at the American Legion meeting in this city yesterday. He said that he could not recall the exact words he had used, but dictated the following as the substance of what he had said:

"We want a first class navy always ready. A navy cannot be made in a hurry. First class ships filled with untrained men do not mean a navy but are sometimes a death trap to those who are in them."

The press report of his speech in the Old South Meeting House Sunday was based on what purported to be a stenographic copy of his remarks. An examination today of the stenographer's notes shows that he reported the general as saying:

"I do not think we want a large regular army. I am very much opposed to it. We only want to build up a good merchant fleet the nation in times of peace. We need a navy. All that we have now is not a navy; it is a floating death trap. We want a good navy with highly trained men and good ships. They are very active force for peace. We want to build up a good merchant marine. We want this merchant marine for our commerce and for our navy. Back of all that comes the big military force of the nation which means the people of the nation."

General Wood spoke extemporaneously and at times rapidly, touching briefly on a number of national questions. When he saw the version of his remarks published today he took the first opportunity he had to explain that he had been misquoted.

## D'OLIER ORGANIZED THE SALVAGE CORPS IN FRANCE

New Head of the American Legion Has Turned Down a Big Trust Company Job to Keep Pledge to Soldiers.

(William A. McGarry in the New York Post.)

When the American Legion in its recent convention at Minneapolis followed up its statement that it is not a political organization by electing Lieut. Col. Franklin D'Olier of Philadelphia its first national president some of the American business men who know him intimately agreed that the organization proved its contention. And since then the politicians have recognized that if the legion should decide to go into politics it is in position, by reason of this election and what may reasonably be expected to accrue from it, to break over the limitations of the "soldier vote" and to draw strength from several other political groups which are said to be forming.

Four years ago D'Olier was unknown as a public man outside his home city, in Philadelphia his name generally appeared on committees for civic betterment and occasionally for charitable organizations. He never got into print. He never ran for office or started campaigns or movements. Yet, when the leaders of such things wanted something done, they turned to him. And if the cause was worth while they generally got him.

When the United States got into the war D'Olier gave himself an indefinite leave of absence from his yarn business and volunteered. On the strength of his business ability and an engaging personality that had made him one of the national leaders in his business he was made a captain. Then he was sent to France to organize the Salvage Corps.

Saved Millions for Taxpayers.  
Many stories appeared from time to time about the wonders worked by this system and the millions saved for taxpayers. But curiously little got into print about the man who was its creative and directing genius. The army, knew, however. So did its commanders. With the result that the captain became a major and then a lieutenant colonel. And one day when Lieut. Col. Theodore Roosevelt was expounding to an American general his ideas of the kind of organization which should be formed by the fighting men of the states upon their return the general remarked that he could put his hand on the man to do the great work of organizing.

Roosevelt got some of D'Olier's history and D'Olier got some of Roosevelt's enthusiasm. It was not hard to instill, because D'Olier was for the legion from the beginning. At the end of a conference with Roosevelt he promised to get into the movement heart and soul, which is the way he does everything. Both men came back to the United States at about the same time. Both went to the St. Louis convention, where D'Olier was chairman of the Pennsylvania delegation.

After that convention the real work of forming the legion started. Roosevelt's part in this is widely known, and no individual comparison is intended when it is stated that D'Olier did the work. He opened offices in New York and without any blare of trumpets or publicity for himself started to

# Notice!

It has been reported around the city that Boy's Buster Brown Stockings were 75c a pair

That is a mistake—we are still able to sell

**Buster Brown Stockings**

Sizes 6 to 9 1/2 at 50c; 10 to 11 1/2 at 60c

We have all sizes, in all grades, in stock

Exclusive Agent for Boy's Buster Brown Stockings

do for the legion what he did for the salvage system—started, in short, to organize.

Turns Down Fat Job.

When he was in the midst of this job one of the largest trust companies in New York got detailed reports of what he did in France and offered the lieutenant colonel a job with a salary almost equal to that of the President of the United States. He explained without turning a hair that he had pledged himself to stand by the legion for one year and see it started. Of course, he might have delegated the work of organization to somebody else. But D'Olier's method of getting things done is to stay on the job and do them. So the trust company's offer went by the board.

The first president of the legion will be more than an official to preside at social functions. If his record to date may be accepted he vents as his plans come to fruition hardly anybody will be the dynamic force in the organization. But unless somebody else recognizes this and continually points out his achievements, know it. For Colonel D'Olier gets his fun out of the work and doesn't care a snap of his finger for the plaudits that sometimes follow work well done.

In the Yarn Business.

For twenty-two years the colonel has been known in business circles in Philadelphia as a man of sound judgment and vision. He was born April 28, 1877, the only son of William D'Olier, a yarn merchant. The boy went to the Van Rensselaer Seminary in Washington, N. J., graduating in 1894. He then studied at Princeton, taking the A. B. with honors in 1898. When he left college he went immediately into his father's office and four years later was admitted to the firm.

Colonel D'Olier married Miss Helen Roberts Kitchin, daughter of Theodore Kitchin, in 1903. They have three children. The colonel has lived all his life in Philadelphia. His father and his great uncle were Quakers and his great uncle was Robert T. Conrad, the first mayor of Philadelphia under the consolidation of 1854.

## RESUME WORK TODAY.

Springfield, Ill., Jan. 19.—Delegates to the Illinois constitutional convention returned today to resume tomorrow at 10 a. m., their task of framing a new basic law for the state. Since the adjournment of the convention last Wednesday President Charles E. Woodward has been busy considering appointment of committees.

## SENTENCE OF HARRY

NEW CONTINUED

Los Angeles, Cal., Jan. 19.—Attorneys for Harry New, convicted of second degree murder for killing his fiancée, Freda Lesser, filed in superior court today a motion for a new trial. Sentencing of New, which was set for today, was continued until after arguments on the motion for a new trial can be heard Friday.

## "BEND A CRAB" TEN TIMES

Great Exercise to Keep Liver and Bowels Active, But if You Won't, Then take "Cascarets"

There is nothing like bending exercises, taking long walks, or chopping wood to keep the liver and bowels active, but most folks take their exercise in an easy chair. Such folks need Cascarets, also they suffer from sick headache, sour, acid stomach, indigestion, colds, and are miserable. But don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without gripping or inconvenience. They never sicken you like Calomel, Salts, Oil, or nasty, harsh Pills. They cost a little too—Cascarets work while you sleep.—Adv.

## MRS. OSCAR SPERRY DIES AT WAVERLY HOME

Third of Family to Die Within Week—Six Children Ill With Influenza, Two in Critical Condition.

Waverly, Jan. 19. (Special).—Mrs. Oscar Sperry died at her home here this morning at 11 o'clock after an illness of the "flu" and pneumonia. She is the third of the family to die from the influenza or pneumonia within less than a week. The husband died last Tuesday afternoon, and one child, Opal, aged five years, passed away last Wednesday. Two other children, Russell, aged 11, and Edith, aged 3, are regarded as being in a very critical condition, although the little girl is not quite so bad as the boy. There are four other children in the family and all are ill but not considered as dangerously so. Last fall, the entire family suffered a siege of typhoid fever, and one child died at that time. Mrs. Sperry never really recovered from this disease. Since the typhoid some of the children had the chicken pox, and then the

Sold by druggists everywhere.

"flu" came. In their already weakened condition Mr. and Mrs. Sperry and Opal had little strength left with which to withstand the ravages of this last contagion.

Mrs. Sperry was about 35 years of age. Her maiden name was Miss Daisy Reed, being the daughter of Mr. and Mrs. Robert Reed of Waverly.

Funeral services will be held Tuesday afternoon at two o'clock at East cemetery in charge of Rev. Garrett, pastor of the M. E. Church South.

### DURBIN

Mr. and Mrs. J. W. Bottoms have returned from a visit of several weeks in Kentucky. On the return trip they were in a railroad wreck in which five coaches left the track and turned over, but as all were steel coaches, no one was seriously hurt.

Roy Smith has gone to Champaign to take the short course agriculture at the university.

Russell Rawlings of the Jacksonville high school, spent Saturday and Sunday at home here.

Mr. and Mrs. Sam Jones of Murfreesboro spent Sunday with Mr. and Mrs. Leslie Dodsworth. Mr. and Mrs. William Cooper of Murfreesboro were Sunday guests of Mr. and Mrs. James Seymour.

### LICENSED TO MARRY.

C. W. Ensaw, Hillsboro; Mary Gibbs, Fulton, Mo.

## MAY COST SEVEN CENTS TO GET BY CONDUCTOR

Local Street Railway Company Asks Permission to Increase Fares—Ottawa and Cairo Ask for Increased Fares—All Are Owned By Illinois Traction System.

SPRINGFIELD, Ill., Jan. 19.—Application was made by the Jacksonville Railway & Light Company to the public utilities commission today for permission to increase street railway fares from six to seven cents with four tickets for twenty-five cents.

Speaking of the above application yesterday E. H. Gray, general manager of the Jacksonville Railway and Light Company, called attention to the number of railway companies that had gone into the hands of receivers the last few years.

Mr. Gray said that these properties were not alone in the smaller cities and sparsely settled communities but many of them were in the larger cities of the country. Among them, he mentioned St. Louis, Brooklyn, Providence, New York and New Orleans, as cities where receivers had been appointed.

Cost of operation has increased by leaps and bounds in recent months, it was pointed out. This increased cost can only be met by increased fares. The automobile also has tended to reduce the use of street cars.

This action has been contemplated for some time. It is interesting to note that increased rates have also been asked in Ottawa and Cairo, two other properties owned by the Illinois Traction System.

## SPRINGFIELD PEOPLE IN AUTO WRECK

Tourists Meet With Mishap on State Road East of City Sunday Afternoon—One Woman Patient at Our Savior's Hospital.

Icy road surfaces east of Jacksonville were responsible for an automobile accident late Sunday afternoon in which by some miraculous manner no fatalities resulted. The car was owned and driven by Adrien Gabus of 1545 North Eighth street, Springfield, and contained tourists coming from the capital city to visit friends in this city. When about four miles east of Jacksonville for some unknown cause the car skidded to the side of the road and turned turtle. Passengers came to the rescue of the injured and they were brought to Our Savior's hospital. Mrs. Gabus was the worst injured of any of the party, sustaining a severe scalp wound. She is still a patient at the hospital. Her injury necessitated twenty stitches. Medical attention was given by Dr. J. W. Hairgrove. In the party were Mr. and Mrs. Albert La Mar of Paris, France, who were guests of Mr. and Mrs. Gabus.

The injured were: Mrs. Adrien Gabus, scalp wound; Adrien Gabus, sustained slight bruises. Was able to resume his employment at Sangamo Electric company's plant Monday morning.

Seven year old son of Mr. and Mrs. Gabus, bruised. Mrs. Colleen of Springfield, right hand badly cut by wheel. Mr. and Mrs. Albert La Mar, Paris, France, sustained bruises. All of the party with the exception of Mrs. Gabus returned home on the Wabash train Sunday night, leaving the slightly damaged machine to be repaired by a local firm.

## CHANDLERVILLE TO MEET K. C.'S TONIGHT

Play at Liberty Hall Will Start at 8 O'Clock—Season's Record of Visitors is Unknown—Fast Game Looked For.

This evening at eight o'clock the Knights of Columbus basketball team will meet the Chandlerville Independents. While so far as the locals are concerned the Chandlerville team is an unknown quantity, it is a well known fact that the K. C. five has rounded into shape in startling fashion with recent days of strenuous practice. While not over confident as to the result, the Jacksonville boys believe they will be able to take the visitors measure in the contest without much trouble.

The K. C. team expects to meet independent teams from Pittsfield and Virginia in the near future.

The line-up for tonight's game will be taken from the following players:

Forwards—Froelich, Rook, and Rexroat.  
Center—Clancy and Hamilton.  
Guards—Cain, Foley, Flynn, Hamilton, Topping and Costello.

## CONFERENCE OF FINANCIERS OPENS

WASHINGTON, Jan. 19.—Financiers of the Pan-American republics sat down at the council table today and took thought how they could best promote the mutual welfare of the nations they represent. Drawn together, as President Wilson said in a message of welcome by no selfish purpose but solely for the purpose of ascertaining how they might serve one another the delegates to the second Pan-American financial conference including the ministers of finance of several countries began their work by reaffirming the solidarity of the Americans in deals of peace and justice. Cooperation was pledged for the development of the great natural resources of the two continents.

Secretary Glass presided at the opening session at which the delegates heard the message from President Wilson, addresses by Secretary Lansing and John Barrett, director general of the Pan-American Union and responses by a member of each visiting delegation. After an informal luncheon the delegates separated into national groups to consider specific problems of transportation, exchange, commercial credits and other phases of international dealings.

Transportation was the subject discussed tonight at the first general session at which John Barton Payne, chairman of the shipping board told what the United States government was doing to establish adequate passenger and freight service for developing South American trade.

Dr. Manuel DeCespedas, minister of Cuba, presided.

**URGENT CALL TO ENGLAND.**  
Rio Janeiro, Friday, Jan. 16.—Admiral Viscount Jellicoe has received an urgent call to England and for that reason has cancelled his visit to Brazil and Argentina. This announcement was made by the minister of marine today following receipt of a message from the viscount.

### FOUR MINERS KILLED

Pottsville, Pa., Jan. 17.—Dropping a distance of 400 feet in the shaft of Kaska, William Colliery near here today, four miners were instantly killed. The men were standing in a huge bucket when the cable supporting it was severed by the flying fragment of a shiv wheel.

### COUNTESS CHOSEN

London, Jan. 17.—The Countess of Warwick has been chosen as the prospective candidate for parliament from East Walthamstow by the labor party.

## E. J. McDOWD SALE IS HELD NEAR SINCLAIR

Auction is Well Attended and Prices Average High—Sale Totals Over \$2,000.

The public sale held at the farm of E. J. McDowd, near Sinclair Monday was attended by a large crowd and all of the offerings brought good prices. Horses and farming implements sold especially well. The sale totaled \$2,060. Ladies of Hebrew church served lunch. J. L. Henry and J. Justice Wright were the auctioneers and Richard Reynolds, clerk.

The following are a few of the buyers and prices obtained.

George Roach purchased a cow for \$122.  
Another cow sold for \$125.  
Roy Robson bought a horse for \$90.  
Vol Sevier purchased a horse for \$32.50 and a black colt for \$120.  
Lyman Fox, horse, \$125.  
Five hundred bushels of corn sold for \$1.45 per bushel.  
Two hundred and fifty bushels of oats brought 79 cents per bushel.  
Fifty bales of oat straw sold for 42 cents per bale.  
Farm car implements sold well, one wagon bringing \$120.

### ASBURY

Mrs. Dale White played a piano solo at our Bible school last Sunday afternoon.

Mrs. Harry Gilmore of Woodhouse visited her parents, Mr. and Mrs. William Mortimer, one day last week.

Frank Hembrough and daughter, Amelia, spent Thursday with friends in Springfield.

Mr. and Mrs. Carl Hembrough spent Wednesday evening with Mr. and Mrs. Harry Trotter.

Mrs. William Mortimer and Mrs. Carl Hembrough were Wednesday guests of Mrs. George Beekman near Pisgah.

Mr. and Mrs. Frank Hembrough and children, Amelia, Grace, Mary and Francis, motored to Prentice last Sunday to visit Mr. and Mrs. Ralph Megginson.

Mrs. Harry Clark was a Saturday guest of Miss Alice Clark in Jacksonville.

Mrs. Carl Hembrough spent Friday with her friend, Mrs. Edward Craig.

Mr. and Mrs. W. E. Barrows and sons, Ralph and Paul, and Miss Helen Richardson spent Friday evening at the home of Mr. and Mrs. C. L. Hembrough.

### REQUISITION HONORED

Springfield, Ill., Jan. 19.—Governor Lowden today honored a requisition for the return to Fort Madison, Iowa, of Ike Koenigsberg, of Chicago, a dealer in automobile tires, who is charged with obtaining by false pretenses tires valued at \$3,000 from the Perfected Tire and Rubber Com-

### Social Events

#### Addresses Members

Rev. J. F. Langton of the Trinity church gave a lecture to about forty young ladies of the Y. W. C. A. of Illinois College Monday afternoon at the society's club rooms.

Rev. Mr. Langton has made an extensive study of Cathedral Architecture and his lecture yesterday afternoon was the first of a series on this subject.

On account of the examinations at the college there will be no meeting of the Y. W. C. A. next week. The social committee is planning a jubilee to be held in February.

#### Anniversary Meeting of College Hill Club

The anniversary meeting of the College Hill club was held yesterday afternoon at 3:00 o'clock in the social room of the Illinois Woman's college. Mrs. Martmann sang two groups of songs after which the dramatic club under the direction of Miss McGammon gave two interesting short plays. After the program refreshments were served and a social hour was enjoyed by all. The secretary was Mrs. English. The next meeting will be held next Monday, Jan. 26, at the home of Mrs. W. H. DeMotte at 3:00 o'clock.

#### Mens Bible Class of Grace Church Held Regular Meeting

The Mens Bible class of Grace church taught by John J. Reeve held a get-together meeting in the church Monday evening. The class had supper at 6 o'clock. Then a business meeting was held at which time a constitution and by-laws was adopted. The class also voted to hold regular meeting on the third Monday of each month. The object is to promote the interests of the church. Dr. E. D. Canatsey is president of the class and presided and remarks were made by Mr. Reeve, Hugh P. Green, Rev. T. H. Tull and James W. Breckon.

#### Chamaine Musical Club Met

The Chamaine Musical Club met Monday afternoon at the home of Mrs. Charles Hopper on North Diamond street. There was a good attendance of members and Miss Mary Wadsworth was present and made an interesting talk on Y. W. C. A. work and needs. An excellent program of selections from the works of three noted American composers was rendered as follows:

Program.  
E. A. MacDowell (1861-1908)  
E. R. Kroeger (1862) Sidney Homer (1864).

Brief Biographical Sketch of Composers. Mrs. Homer Potter The Saracens. Mrs. V. E. Vasey (a) My Star. (b) It Was the Time of Roses. Homer. Mrs. J. E. Rawlings Woodland Sketches—Two Sentences.

### MRS. SHERWOOD EDDY COMING TO CITY

Woman Famous in Public Betterment Work to Speak for Y. C. A. Here.

The members of the Jacksonville College club feel fortunate indeed that they have secured Mrs. Sherwood Eddy for an address to be delivered next Saturday afternoon, Jan. 24, at the Woman's college. Mrs. Eddy is coming in the interest of the Y. W. C. A. campaign. The number of speaking dates she can fill is limited and it was only by securing a decided change of itinerary that the local committee is able to announce Mrs. Eddy for next Saturday.

Miss Mary Wadsworth, Morgan county chairman, received the information Monday that Mrs. Eddy will come to Jacksonville. The public generally is quite familiar with the extensive work that Mrs. Eddy has done thru a period of years. Long before war time he was active in the work of the Y. W. C. A., both in this country and abroad. He conducted extensive works of investigation along reform and philanthropic lines almost all over the world and without any expense whatever to any of the organizations represented. Mrs. Eddy has co-operated with her husband in this work and altogether is a woman of wide experience and admirable attainments.

**NOTICE TO WOODMEN**  
Members of Camp 912 M. W. A. are most urgently requested to attend the joint installation of officers tonight at 7:30 o'clock.

### IN PROBATE COURT.

In the county court Monday Judge Samuel had a hearing on the suit brought by Alexander Hamilton to ask for an order requiring John G. Goveia as executor of the estate of Manuel Goveia, to revise his distribution of the estate. It is the claim of the complainant that he was improperly omitted from the distribution and that thru his wife, Mrs. Marie Hamilton, now deceased, he was entitled to a distributive share.

Motions were made by J. Marshall Miller, who with H. P. Green is attorney for the executor, to strike the petition from the files. This was overruled and the complainants were given until Jan. 27 to make a further showing. The complainant is represented by Carl E. Robinson of this city and Thomas Reep of Petersburg.

**WANTED**—First class maker and one apprentice girl. Apply L. C. & R. E. Henry.

**Why Drink Coffee at an advanced price when you can have INSTANT POSTUM**  
with its pleasing flavor?  
No Raise in Price  
No Harmful Ingredient

### FORMER I. W. C. TEACHER MARRIED

Miss Mabel Louise Gieckler Married at Pierre, South Dakota.

Mrs. Ellinson Coe has received announcement of the marriage of Miss Mabel Louise Gieckler, a former member of the faculty of Illinois Woman's College, which occurred at her home in Pierre, South Dakota, Saturday evening, December 27.

Miss Gieckler a number of years ago was at the head of the department of Expression of Illinois Woman's College. While here, she became a member of Congregational church and was well and favorably known.

At the time of her marriage she was engaged in teaching at Spearfish, South Dakota. Her successor at that place will be Miss Lavina Jones, who was a pupil of Miss Gieckler at the Woman's College.

Hospitaler Commandery, No. 31, K. T., will hold a special convocation this evening at six o'clock.

Visiting Knights welcome.

A. Rabjohns, Com. John R. Phillips, Rec.

## MAYOR APPOINTS PLUMBING BOARD

Names Ald. Ehnle, Bernard Gause and Leslie W. Harvey—Appropriation Ordinance Passed—Many Other Matters are Discussed by Aldermen and Mayor.

At a regular meeting of the city council held Monday evening Mayor Crabtree named a board of plumbing examiners. The men named were Ald. Ehnle and Bernard Gause and Leslie W. Harvey. The last two named succeeded themselves and Ald. Ehnle chairman of the public health committee, takes the place of Commissioner Martin, who served under the commission form of government. The annual appropriation ordinance was given a second reading and adopted. The council discussed paving, the Brook sewer and a number of other matters of minor importance.

When the clerk called the roll it showed all members present except Ald. Ehnle and Gause, with Mayor Crabtree presiding. The minutes of the last regular and adjourned meeting were read and approved.

**Illinois Municipal League.**  
Mayor Crabtree presented a communication calling attention to the Illinois Municipal League which will soon meet in Urbana. Mayor Crabtree said Former Mayor Rodgers had urged him to attend the meeting. The fee for membership in cities the size of Jacksonville is \$20. The clerk was ordered to draw a warrant for that amount and forward it to the secretary.

An invitation was also received to attend an electrical convention in Alton. This was referred to Ald. Chapin, chairman of the light committee.

A number of claims against the city were presented and all those properly approved were ordered paid.

Ald. Cain reported that the police committee had purchased from C. N. Priest a Ford for use in the police department. The report of the committee was concurred in by the council.

Ald. Williamson reported the need of a horse in the street department. No action was taken in the matter.

Ald. Flynn said the engineer, who has been here to investigate the sewer system wanted the public engineer to give him the grade of all of the sewers of the city. The mayor said this would be done.

Ald. McGinnis, chairman of the public improvement committee said nothing has as yet been done in the matter of the old Fourth Ward engine house. After a lengthy discussion the matter was referred to the public improvement committee and the mayor with power to act.

**North Main Street Car Service.**  
Mayor Crabtree reported that he had received word from F. H. Gray, general manager of the Jacksonville Railway and Light company that steps had been taken to remedy traffic conditions on the North Main street car line.

Ald. McGinnis who brought the matter before the council said he had received word that the cars were running much better the past few days.

Under the head of unfinished business the annual appropriation ordinance was given a second reading and adopted.

Mayor Crabtree said he had found that there was no need of a park committee in the city council. Ald. McGinnis, who is a member of the committee moved that the committee be abolished. The motion carried.

### Plumbing Board Named.

Mayor Crabtree then announced the names of Ald. Ehnle, Bernard Gause and Leslie W. Harvey as members of the plumbers examining board. The mayor stated that under the commission form of government the commissioner of public health and safety was a member of the board the members being a master plumber and a journeyman plumber. Mr. Gause and Mr. Harvey succeed themselves, having been appointed by Mayor Rodgers. The appointments were confirmed on motion of Ald. Chapin, seconded by Ald. Cain.

The mayor also brought the matter of park board members. He thought that there should be some means provided whereby the terms of the members would expire on alternate years instead of the entire board going out at one time as is now the case. No definite action was taken in the matter.

Action of the request of the Sinclair Refining company was deferred until some future meeting.

**Talk of Paving.**  
The mayor also reported that he had called the attention of Walter Loneragan who laid the South Main street pavement from Morton avenue to Michigan avenue of the bad condition of the pavement. Mr. Loneragan, who had no indemnity bond to hold him said he would gladly fix the pavement and would do so the coming summer.

This brought up a general discussion of paving. Perry White and E. M. Henderson, who attended the contractors' convention in Chicago last week told of things they learned there. Both were agreed that the city should continue its paving work.

They told of many cities that had let contracts for a great deal of paving the coming summer. Mr. Henderson said he had gotten figures from material dealers and could make estimates for work. He suggested that the public improvement and the city attorney should meet with him some night and go over the matter and agree on what course the city would take in paving work.

The mayor asked the aldermen what their opinion was as to the best way to promote paving. He thought a committee could be appointed that would have an influence on property owners for paving. Some of them thought a committee would be a good thing.

that the work of paving should continue.

Ald. Moore reported that he had examined the old heating plant in the city hall which was used prior to connection with the light plant boilers and found it useless. He recommended the two of the small boilers be moved from the south end station when the new plant is completed and installed in the light plant. This matter will be given further consideration after the engineer has made blue prints of the necessary work.

### Chamber of Commerce to Use City Hall.

Ald. Chapin spoke of the Jacksonville Chamber of Commerce. He said it was a Jacksonville organization engaged in the same work as the city council. "Every thing for the Good of the City." Therefore he thought it should be housed in the city hall. The city had heat at all times and lights and he believed it would promote a better spirit between the organization and the city council. He made a motion which was seconded by Ald. Moore that the council invite the Chamber of Commerce to establish its headquarters and hold its meetings in the council chamber. On roll call the motion carried by a unanimous vote.

There being no further business the council on motion adjourned.

### INTER-CHURCH PLAN WILL BE CONSIDERED

Local Ministers Prepare to Take up Proposition—Will Hold Luncheon February 5.

Jacksonville ministers will talk of the inter-church movement at a mid-day luncheon to be held February 5.

At that time Louis Starbuck will be here to take up the matter. The movement is a world wide one for the unification of all Protestant churches. It is probable that at this meeting some plan will be outlined of the part Jacksonville and Morgan county is to take in the movement.

Rev. M. L. Pontius was elected as ministerial representative of the Passavant hospital board of trustees, for a term of three years. An advisory board consisting of Rev. W. H. Maribach, Rev. T. H. Tull and Rev. W. E. Collins was named.

The ministers voted to present to their respective congregations the slogan of the "Woman's club of America, 'Don't buy Anything Unless You Have to.' This will be done at the suggestion of Mrs. J. Marshall Miller who has taken an active interest in the matter in behalf of the "Woman's club." A paper on "Teacher's Training," was read by Rev. M. L. Pontius and was greatly enjoyed.

### NOTICE TO WOODMEN

Members of Camp 912 M. W. A. are most urgently requested to attend the joint installation of officers tonight at 7:30 o'clock.

### COMMITTEE.

### Deaths

**Sheppard.**  
Word has been received in the city of the death of Norman R. Sheppard of Moline, Ill., which occurred Monday morning. The deceased is the son of Mr. and Mrs. J. A. Sheppard of 1030 Hackett avenue, and until recently resided in this city. He is survived by his wife, parents, and three brothers, E. H. of Waverly; Fred and Ralph of this city, and one sister, Effie. The deceased was a Woodman and highly regarded by all who knew him. Funeral arrangements will be announced later.

**Ludwig.**  
Word was received by relatives that the remains of Mrs. Minnie Ludwig would arrive here this morning.

The remains will be taken to the Gillham undertaking establishment and the funeral will be held at 10:30 Wednesday morning from the Salem Lutheran church. Rev. J. G. Kuppler in charge.

Miss Minnie Spreen was born in this city April 22, 1862, and was the daughter of Mr. and Mrs. Henry Spreen. She spent her younger life in this vicinity. In 1898 she was married to Charles Ludwig of this place, and later moving to LeRoy, Ill., where she resided at the time of her death.

She had been in poor health for some time, and bore her affliction in a Christian way. Many friends both here and in LeRoy will be saddened by her death. Mrs. Ludwig is survived by her husband and one sister, Mrs. William Graubner, Sr., and one brother, William Spreen, both of this city.

**FOR SALE—Golden Buff Orpington Cockerels and Pullets.** Pure blood, good type and color. John W. Dunlap. Route 3. Bell Phone 929-11.

### SUITS FILED

### MILITIAMEN ENJOY SHOW AT RIALTO

Following the regular Monday night drill members of the local company of militiamen enjoyed witnessing the show at the Rialto Theatre on East State street, the guests of Messrs. Hodge and

## STUDENTS RECITAL AT I. W. C. MUSIC HALL

First Formal Recital of the Year Attracts Large Audience at Woman's College.

The students' recital in the music hall auditorium of the Illinois Woman's College last evening called out many music lovers. Anticipation was much keener since the recital was postponed, on account of the coal shortage, from a December date till last evening. It was the first formal student recital of the year and the appearance of some of the favorites of former years and of those whose talents were yet untried in their new school connections made it very interesting. All seemed at home and the poise evidenced by the sixteen appearing was most reassuring to the audience. The reflection cast upon the work of the various teachers is very complimentary. But the teachers in turn are fortunate in having the sincere earnest students to work with that came before the public at this time.

Mrs. Coddington was unable to appear. Her place was taken by Miss Helen Massey, who sang from Romeo and Juliet by Gounod. The program was as follows:

### Program.

Organ—Prologue from Suite in G minor ..... Rogers  
Will O' The Wisp ..... Nevins  
Olive Eengel.

Voice—Little Blue Pigeon ..... Fairclamb  
Caro Nome from Rigoletto, Verdi  
Margaret Ten Eyck.

Piano—Second Nocturne ..... Kursteiner  
Scherzo ..... Beecher  
Nancy Terwilliger.

Voice—Ah! mon fils from the Prophet ..... Meyerbeer  
Mildred Mayer.

Violin—Tarantelle ..... Bohm  
Adante Religioso ..... Thome  
Suzanne Rhehart.

Piano—Northern Lights ..... Tyrjussen  
Violette Flowers.

Voice—Vissi d'Arte from La Tosca, Puccini  
Marjorie Deatherage.

Piano—Allegro from Sonata Op. 26 ..... Beethoven  
Grace Collier.

Voice—Care Selve ..... Handel  
Mona Ramsey.

Piano—Romance D Flat ..... Sibelius  
Marjorie Taylor.

Voice—A Song of Province ..... delAequa  
Gladys Sargeant.

Violin—Concerto in A Minor ..... Accolay  
Margaret Jerald.

Piano—Carnival Scene, Op. 19 ..... Grieg  
Margaret Merker.

Organ—Meditation ..... Sturges  
Last Moment Sonata, A minor ..... Borowski  
Frank Collins.

\*Violin, piano, organ.

### With the Sick

Mr. and Mrs. Wright of Virginia were in the city Monday, calling on Mr. Wright's father, who is a patient at Our Savior's hospital.

P. L. Lumis who was operated on at the Passavant Hospital a few weeks ago, departed yesterday for his home in Centralia. He was accompanied by his wife.

William Imhoff, flagman at the North Church street crossing of the Weabach, has been taken to Decatur hospital for treatment. J. Henry Scott of West North street is confined to home by illness.

### Oyster Supper, Thursday, Jan. 22, at Blue Grass School, northeast of city.

### Funerals

**Dunphy.**  
Funeral services for James Dunphy were held from the Church of Our Savior at 9 o'clock Monday morning in charge of the Rev. Father F. E. Pormaz. Burial was in Calvary cemetery the bearers being Albert Straussner, John Devlin, William Welsh, George W. Imgrund, John Burkery and Frank Davison.

### NEW TIME CARD WILL NEED TWO MORE CREWS

Two more passenger conductors will be required in the new time card to take effect on the Alton next Sunday. This promotes two of the senior men now on freight. Conductors Tom Foster, Harry Lewis, George Brown and Glen Foster are assured regular passenger runs, according to the present outlook, and they will be a boost for the freight men who will advance to take the places on fast freight and on the locals vacated. It is also figured that at least four more engineers and as many firemen will be required than in the present card. This will be quite an advance among the enginemen and will be welcome to all the men affected.

### House Destroyed

The residence of Engineer Archie Brown, at Roodhouse, was destroyed by fire Sunday morning. The flames started from a defective flue and the loss is complete. The fire had attained such a start before discovery that the department was powerless. It is understood that most of the loss is covered by insurance. Friends of the well known "eagle eye" extend sympathy.

### HARRY WALKER RESIGNS AS PHYSICAL DIRECTOR

Leaves Position as Head of Athletics at Y. M. C. A.—Harold Bartlett Will Continue Work.

Harry Walker for a number of years past physical director at the Y. M. C. A. has resigned his position. His resignation was effective Saturday. It is not known what plans he has for the future. Mr. Walker during his service with the Y. did excellent work. He commanded the respect of the boys and was one of the most popular directors of the local association ever had.

Harold Bartlett who has been assistant to Mr. Walker, will continue the work. Mr. Bartlett, who was with the Marines in France, is well qualified for the work.

## ORGANIZE LEGION POST AT WHITE HALL

No. 70 Passes From a Temporary to Permanent Organization at Meeting Held Sunday Afternoon.

White Hall, Jan. 19.—White Hall Post No. 70, American Legion, has passed from a temporary to a permanent organization, which was effected at a meeting held in the Princess-theater Sunday afternoon. The new and permanent officers are as follows: Commander, Clarence Whiteside; vice commander, Lynn C. Smith; adjutant, Joseph Lyman; financial secretary, Frank W. Dillman; chaplain, Arthur (T. J.) Ewert; sergeant, Edmund Carr. Mr. Smith is the retiring temporary commander, and he has been very active and efficient in the affairs of the post during the era of the temporary organization. Adjutant Lyman succeeded himself. The new commander, Mr. Whiteside, was elected by a majority of one vote over the favored candidacy of Chaplain Ewert, while a few complimentary votes were cast for Capt. Dean Cora. Mr. Whiteside has a most enviable war record for bravery and exposure to danger that seems to be little known outside the ranks of the soldier boys. He served as a first class private in a machine gun corps in France, during which time he underwent rare hardship and dangers, experiences that would make exceptional reading, but which he steadfastly refuses to make known for publication. It is known, however, that his record makes him a prime favorite with the members of the post, as is attested by his elevation to the head at a time when the post is considering the promotion of some sort of a memorial scheme. The members at the meeting looked with disfavor upon the idea of having an apartment in the proposed community building on Wilkesboro Park, but Commander Whiteside has since investigated the plans of the park board and believes it to be the most favorable proposition for all concerned. Another thing about the new commander is that he was one of only two of his division to pass an entrance examination for a short special course offered American soldiers in Mt. Polier University in France, and he graduated with honor just before sailing for home. A most pronounced evidence of the get-together spirit among the church people of White Hall was afforded Sunday night at a union service in the Methodist church during the absence of the pastor, Rev. Leo Howard. The large auditorium was filled with people, this being the initial of a series of union services arranged by the Methodist, Presbyterian and Christian pastors. The sermon was delivered by Rev. A. F. Ewert, and Rev. E. C. Lucas sang "The Ninety and Nine." This move can not be regarded as in the way of bringing about a consolidation of churches in White Hall, but it indicates a spirit that ought to enable some effort along that line to bring tangible results. Too many churches in a community simply get in each other's way in effective influences upon the community they are intended to serve, while a consolidation of interests would present a giant of spiritual strength that would enable works of an every-day sort to be carried forward, with Sunday services of a character to attract people from miles and miles instead of the splendid services at present being heard almost without exception by only a group of faithful church members. This is the situation in White Hall, as it is in most all communities of this size. Rev. Lucas says that he would never attempt to make the people believe that membership in the Christian church is the only key to salvation and heaven, and he appears to be heart and soul in a consolidation movement even if it cost his job as pastor of a congregation.

Misses Addie and Helen Potts, of Springfield, were Sunday guests at the home of C. E. Potts.

Good Roads Meeting. A local organization of the Mississippi Valley Highway was perfected at White Hall Saturday night, following an address by A. E. Nisson of Iowa City, Iowa, promotion officer. H. C. Willhite of Alton, general secretary, and E. M. White of Springfield, chief engineer, were also present. Memberships in the local organization will be worked up during the next week or ten days by Guy Lowenstein, local chairman, and C. R. Adams, secretary. Arrangements were made for illuminating the highway through the city and township. The party also visited Jerseyville and Carrollton during the day. At Jerseyville J. M. Page stated that he had laid plans for some social state aid road funds for Jersey and Greene counties. At Carrollton a membership of 65 was enrolled during an enthusiastic afternoon meeting.

CLOSING OUT SALE. Wed. Feb. 4, 3 1/2 miles southeast of city consisting of mules, horses, cattle, hogs, corn, oats, farm implements. W. A. CRAWLEY & SON.

REAL ESTATE TRANSFERS. Martha Haynes to J. P. Smith, lot 4 old plat Murrayville, \$800. Fred Schelle to Harry Fanning, lot 12 Yates & Green's subdivision, Jacksonville, \$1.

# UNITED STATES ARMY

## builder of MEN

TEN years ago it was necessary for the United States Army to argue men into its ranks.

But, today the Army like every other great university, points with pride to its graduates.

Four million of the nation's choicest young men were entrusted to the Army's care.

MOST of them are back in the ranks of industry today; and every parent in America, every employer, every teacher knows that they are better, abler men for their experience.

They stand straight upon their feet, a symbol of physical fitness.

They have learned how to execute orders, and how to give them.

THERE is, in their characters, a maturity beyond their years, a vision and a self-confidence that are fundamentals of success.

The months that they gave to the Army were not lost months; the records of the future will show more rapid progress for them because of the qualities which those months developed.

THE United States Army is open for enlistments today. It wants no inferior applicants; it seeks young men of character and purpose; and it promises those young men that the term of their enlistment will be fruitful years.

They will come back to civil life in perfect health—their muscles, their eyes, their bearing all evidencing the finest professional care.

IT IS the purpose of the War Department to develop in the American soldier those qualities which are the essentials to success in any trade or business and are the prime requisites in an American citizen.

Congress has appropriated \$2,000,000.00 to be used in Educational work in the Army Schools. In many camps and posts men are being trained in the skilled trades and at practically all Army stations, schools are in operation in which the soldier can improve his education.

Through enlistment the United States Army offers opportunities to travel. It provides good food, good clothes and good care. It gives a training which brings health—physical development—mental quickness and self-confidence. It sends you back to civil life better equipped for American citizenship than when you enlisted.

A Personal Interview Involves no Obligation

## THE NEAREST U. S. ARMY RECRUITING STATIONS ARE:

206 1/2 East State St. Jacksonville, Ill.

Main Station Peoria 100 N. Adams St.

Springfield Station 100 E. Side Sq.

## The Fourteen Arms of the Service

The Recruiting Sergeant can give you the information that will help you decide which branch fits you best. In all of them you will get the fine training as a soldier the United States offers all its men—in many branches you can get highly specialized training.

INFANTRY—The men who have made the name of "doughboy" feared and respected throughout the world welcome you to the comradeship. Fine fellows—good fun and good training in any school at the post you go to.

CAVALRY—When the horses are champing at the bit and the "yellow legs" mount up and the troop rides forth, there is a thrill that no old cavalryman can ever forget. Horse of your own—a good outdoor life and training for future success.

FIELD ARTILLERY—"Action Front" comes the command—then watch the boys with the red hat count snap into it. A happy outfit—with the dash of mounted service added to interesting work that calls for head and hand. Motors if you wish.

CORPS OF ENGINEERS—Army engineering is known the world over for its excellence, and an enlistment in the Engineers can be the start of a young man's training in the various branches of Engineering and in any of the mechanical and building trades.

COAST ARTILLERY—Living on the sea coasts, guarding big cities with big guns, getting time for study and a wide and good technical training, the C. A. C. man is preparing for a useful life and good pay and is having a good time while he's learning. The C. A. C. also mans the mobile big gun regiments throughout the country.

AIR SERVICE (including BALLOON CORPS)—The man who gets the early edge in experience with aeroplanes and balloons has a chance to cash in big on his army training. For flying is only in its infancy and its going to be a profitable business for men with the right experience.

ORDNANCE DEPT.—The ordnance is appealing to the studious young American. To wide opportunities for study, it adds a business as well as a technical training.

SIGNAL CORPS—Whether its laying a wire from a reel-cart at a gallop or installing a wireless station that will flash its message half around the world, the Signal Corps is there and a man who learns radio telegraph and telephone work in the Signal Corps is always valuable.

MEDICAL DEPARTMENT—Good experience, good pay and training in all branches of hospital work and in the Dental Corps. Excellent opportunity for future success. The Veterinary Corps teaches the care of horses as well as meat and milk inspection.

TANK CORPS—The man who knows gas motors and tractors or who wants to know them is invited to join the Tanks. Radio, machine gun and ordnance work are all part of the Tank Corps work.

QUARTERMASTER CORPS—The corps that feeds and clothes the Army offers a valuable training for future business. Interesting work for the man who likes horses in the Remount Service.

CONSTRUCTION DIVISION—Practical work in the many trades is part of the every day life of the Construction Division. Many opportunities to learn the trades of highly paid specialists.

CHEMICAL WARFARE SERVICE—For a man with a little knowledge of chemistry or for any ambitious young man who would like to get that knowledge, there is interesting work and rapid advancement in the C. W. S.

MOTOR TRANSPORT CORPS—A thorough practical training in motors and their accessories, and in driving as well, is given in the well-equipped schools of the Motor Transport Corps.

## Advances, Ills.—"After a hard and anxious illness I was restored to a perfect healthy condition through Dr. Pierce's Favorite Prescription which I took for some time."

It proved to be such a splendid medicine that I have taken it many times since, whenever I have been nervous and run down and it has never failed to strengthen and build me up in health.

"I can also speak just as highly of the Golden Medical Discovery" as a blood purifier and a medicine that is safe to give to little children. When one of my daughters was only a year old she had crooked legs and over her head I gave her Dr. Pierce's Golden Medical Discovery and it bowed up every limb and her hair grew thick and thick the hair grew to womanhood and she never had any return of blood disorder of any sort since that time. I give the Discovery all the credit due for this and take pleasure in recommending it."

—Mrs. ETTA LEWIS, care Mrs. P. H. Rogers, R. R. 1—Box 31.

Quincy, Ill.—"I am glad to tell you that Dr. Pierce's (for the kidneys) is a fine remedy. I have been a great sufferer with my back and legs for years but I have taken two small bottles of it. I have taken two small bottles of it. I have taken two small bottles of it."

—Mrs. STELLA STECKBAUM, 4332 Jefferson St.

All women who suffer from feminine disorders are invited to write the Editor of the Luvah's Hotel, Buffalo, N. Y. for free confidential consultation and advice, no charge being made for the high professional service. This will enable every woman to benefit by it.

Girls! Your hair needs a little "Danderine"—that's all! When it becomes lifeless, thin or loses its lustre; when ugly dandruff appears, or your hair falls out, a 35-cent bottle of delightful, dependable "Danderine" from any store, will save your hair, also double it's beauty. You can have nice, thick hair, too.

## Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

## DR. SHELDON TALKS OF THE GREAT GIFT TO MAN

Says Bible is Man's Greatest Gift Should Use it as a Guide From Darkness to the Light of God's Love.

Another fine audience heard at the Congregational church Sunday evening a superior lecture by Dr. Sheldon on the great gift to man, the Bible. A lecture so condensed as that was hard to report with any degree of satisfaction. A few thoughts are offered. The old testament is a guide post, not a hitching post. It is not expected that its doctrines and commands to the children of Israel are to be literally followed today for the Great Teacher Himself said His commands were to supersede it in many respects. Simply apply sanctified common sense to the subject and there will be no trouble.

The Bible is not negative and destructive but positive and constructive, and the cause of the present opinions regarding its doctrines is because of our different interpretations of the facts. The speaker then went on to tell some facts regarding how the Bible came to mankind, the manner in which it was written and the conditions of the world at that time.

It is religion that made the Bible. Much of the old testament was written for a specific purpose at the time. The construction of the books show this plainly. The first five books deal largely with the creation and early history of the earth, but mainly with the Jews from the day Joseph was sold into Egypt till the day God took Moses up into the mountain to be seen no more of the people whom he had led for forty years.

While we are not bidden to obey the rites and ceremonies prescribed for their worship we are to apply sound judgment and gather much that will enrich our own lives and also we are to learn how great an advance they and their laws were beyond the heathen around them.

Then, too, we must consider the conditions under which the books of the Bible were written. In the olden days the Ptolemaic theory of the universe prevailed. It was supposed that the earth was the center of the universe and all else moved around it if it moved at all. Consider the changes which have been made since that time and the discoveries of science. The Bible is not all equally inspired but all is for our guidance and direction and Christianity is not altogether regulated by the external rules laid down there, but the life is to be regulated by the teachings of the Divine Master.

Then we must keep constantly in mind that the Bible is not given man as a text book in history, geography, geology, science or literature but as a guide from spiritual darkness to the light of a Savior's love. It teaches us doctrines which will make us spiritually wise and while Protestant churches differ regarding their teachings they are all agreed regarding the fundamentals. Christ gave the final word and we cannot go beyond that. His pure and spotless life, His perfect example, His teachings and His spirit will guide any honest seeker after the truth to a life of service here below and a place with the redeemed hereafter. He taught the universal law of unselfish love and devotion to the good and welfare of others.

If we pursue the right policy there is no need to worry about the young people. Evil comes only from wrong interpretations. Be honest and square with all and hold up ever the one Great Example who is to be our Guide through life. Keep before the young His devotion to the welfare of humanity; His defense of the poor and oppressed; His sympathy for the needy and outcast; keep these things ever uppermost in all teaching and then the Bible will be our beacon light to everlasting life.

## CHAPIN PEOPLE REMOVE TO ARKANSAS

Mr. and Mrs. Joseph Briggs leave for New Home in Arkansas—Orlow Brewer Has Employment at Flint, Mich.—Other Items.

Chapin, Jan. 19.—Orlow Brewer left Friday night for Flint, Mich., to work in the shops. W. M. Thomas and wife of Bunker Hill visited the latter part of the week with his sister, Mrs. J. L. Thompson.

Joe Briggs and wife left Chapin Saturday to make their home in Arkansas.

Mrs. M. L. Test of Petersburg visited over Sunday with relatives having come for the announcement party of Miss Margaret Eagan.

Mrs. Lulu Whipple of Decatur has been visiting relatives here.

Bernard Allen spent the week end with home folks.

Roscoe Goodpasture and wife spent Sunday at the home of Branch Wade.

Mr. and Mrs. C. L. Duckett spent Saturday and Sunday in Springfield.

Donald Duckett spent the week end with home folks.

Miss Nina Pond spent Sunday with home folks.

Mr. and Mrs. Lutz, Mr. and Mrs. Monte Funk, Mr. Burnham, Walter Bobbitt and family and Dan Omar and family had a chicken pie supper at the Omar home on Friday evening. All report a good time.

Miss Ruby Shirley and George Blevins, brother of Mrs. Lettzie, of Manchester, spent Saturday night and Sunday with Mr. and Mrs. Lettzie.

## BLUFFS RESIDENCE DAMAGED BY FLAMES

H. C. Finney Home Partially Destroyed by Fire Sunday Afternoon—Loss Covered by Insurance.

Bluffs, Jan. 19.—The H. C. Finney home on Main street was badly damaged by fire Sunday afternoon about 2:30 o'clock, when the roof caught on fire from a spark and burned into the attic, damaging the upstairs, hall and then crept thru the floor to the living room. Only quick action of the daughter, Miss Margaret and her presence of mind saved the home from destruction. She helped Walter Kilver and Merle Korty to gain entrance into the attic and handed buckets of water and kept the fire under control until further assistance arrived. Damage amounted to about \$1,500, covered by insurance.

## NEW TIME CARD ON ALTON NEXT SUNDAY

A Number of Betterments Made in Local Service—New Train to Springfield Included in Schedule.

A new time card will go into effect on the Alton railroad next Sunday. Several changes are applicable to this district and the tendency to improve the service.

A new train is No. 32 which will leave Roodhouse at 11:45 a. m. and reach Jacksonville at 12:15. Immediately thereafter this train will return to Murrayville and run on the air line to Springfield. This will give Jacksonville additional train service to Springfield.

The only part of the service lacking by comparison with the card in effect prior to the coal strike is that patrons do not have the advantage of an afternoon train to St. Louis.

It is not quite so convenient either for the people of Woodson, Murrayville and other points south to reach Jacksonville and return home. Under the new card they can reach Jacksonville early in the morning, at 12:15 noon or at 2:15 in the afternoon and then return at 7:45 p. m. The following are the general facts about the card:

The trains now leaving for the south at 12:15 a. m. will be continued and will return from St. Louis at night, arriving at 8:55 a. m. on the present card.

## PIMPPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad complexion or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

At once! Relief with "Pape's Cold Compound"

The first dose eases your cold! Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

Relief awaits you! Open your clogged-up nostrils and the air passages of your head; stop nose running; relieve the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist on Pape's!—Adv.

## Eases Colds

At once! Relief with "Pape's Cold Compound"

The first dose eases your cold! Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

Relief awaits you! Open your clogged-up nostrils and the air passages of your head; stop nose running; relieve the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist on Pape's!—Adv.

Reference has already been made to No. 32 which will leave Roodhouse at 11:45 and reach this city at 12:15 noon.

Train No. 4 which now reaches the city at 4:55 p. m., will run on an earlier schedule, arriving at 2:15 p. m. This train will make connection at Bloomington for Chicago and reaches that city at 10 p. m.

Train No. 70, now going north at 6:20 will be continued and will make a Chicago connection. Under the present card this train has gone no further than Bloomington and was without Chicago connection.

Train No. 71, which now arrives at 8:40 from Bloomington, will reach Jacksonville at 7:45 p. m. This will afford connection at Bloomington for passengers from Chicago, the connecting train leaving Chicago about 12 o'clock noon. This train, which will arrive at 7:45 p. m. will run thru solid to Mexico. The Hummer going north now at 2:22 a. m., will run practically on its present schedule.

## EPWORTH LEAGUE PLANS CONTEST

Last Sunday evening the Epworth League of the Centenary M. E. church held a rousing good meeting at which time it was decided that a contest would be held. The League was divided into two groups, the first group being called the A. E. F. and the second the S. O. S. The leader for the A. E. F. is Lawrence Laney and the leader for the S. O. S. will be Miss Clara Smith. It is to be a membership contest and at the close a banquet will be given. The League meets every Sunday evening between 6:30 and 7:30 o'clock. All young people are cordially invited to attend.

## ANNOUNCEMENT.

## JURY IS DISCHARGED IN DRAINAGE CASE

Complimented By Judge for Earnest Work—Appeals Will Be Tak'n to Supreme Court.

Another chapter was written yesterday in the Indian Creek Drainage district No. 2 hearing. The jury was discharged by Judge Samuel after correction of their verdict in two details. The court took occasion to thank the members of the jury for their special zeal and earnestness shown in this important case. While practically all of the jurors are busy men, they showed their desire to go into the matter carefully and to make a finding justified by all the facts as they found them.

The court entertained motions for a new trial which were filed by Wilson & Butler and W. H. Deitrich for the Chicago, Burlington & Quincy railroad and by Thompson and Thompson for a number of objectors. No order was made as to the motion except to continue the hearing to Feb. 2. The court, however, indicated that the motions will be overruled. The case will then go to the supreme court and the finding may be made at the June term.

The Burlington objects to the finding of the jury on the ground that while no damages were assessed, that the proposed district will injure the property of the railroad company and occasion expense without benefits being paid by the district. In the absence of H. W. English, court reporter, who was at Springfield, Miss Olive Colby served as reporter in the proceedings Monday.

Car shorts and bran on track in Woodson. Act quick. Price below market. Call Ill. No. 18.

William Kloppe of Alexander was a business caller in the city yesterday.

# Farmers!

It is just as important to study and work out our marketing and other business problems, as it is to plant corn and put up hay. Our business will never be on a sound, permanent, paying basis until we do. The only way we can solve those problems is by strong level-headed organization.

We are entitled to cost of production on our products plus a fair profit, interest on what we have invested, and wages in accordance with other skilled laborers, for the hours we put in. We must get busy, study our problems to the last avenue and solve them. We have no reason to complain unless we make some effort to solve our problems.

The Morgan County Farm Bureau and the Illinois Agricultural Association are organized to do these things. We can not expect to solve all our problems in one year, and we must be fair to all people in what we do, but we must do it. You are going to have the opportunity to join hands with 49,000 other farmers in this work between February 1 and 29. You will want to join. We need your co-operation.

## SHORT INTERESTS

**CONTROL EXCHANGE**  
NEW YORK, Jan. 19.—The professional short interest was again in control during today's very uncertain stock market, mainly because of the continued lack of public interest or support.

Much of the day's news was of a hopeful tenor the only adverse development, further delay on the part of the United States supreme court in the much discussed lumber stock dividend tax case—being of a negative character. As a result of last Saturday's excellent clearing house statement, call money relaxed visibly. The rate fell from 8 per cent at the opening to six per cent at mid-day.

No marked alternation was manifested in the time money market.

The attitude of the federal reserve board toward credits formed the basis of further conjecture but no definite conclusions were reached.

Stocks were strong at the opening and steady at the close but between those periods the trend was mostly satisfactory. A few leaders of the class represented by General Motors, Crucible Steel, Baldwin Locomotive, United States Rubber and shipping registered extreme losses of 2 to 3 points. These were largely relieved at the end high priced oils and affiliated issues making substantial rallies. Sales amounted to 775,000 shares.

Bonds were dull and featureless in the main, nominal changes occurring in most domestic issues except the liberty group which denoted further pressure. Total sales (par value) were \$13,350,000.

## 82 YEARS OLD AND AS GOOD AS A YOUNGSTER

"7 or 8 years ago I was a very sick man. Doctors said catarrh trouble of stomach and bowels affecting the liver and heart. For more than a year I wanted to die, but could not. Upon the advice of a friend I tried Mayr's Wonderful Remedy, and although 82 years old I now feel as good as a youngster. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

### RESULTS TELL

There Can Be No Doubt About the Results in Jacksonville

Results tell the tale. All doubt is removed. The testimony of a Jacksonville citizen.

Can be easily investigated. What better proof can be had? T. S. Bond, retired contractor, 701 S. Church St., says: "I have used Doan's Kidney Pills more than once and have never had them fail to bring the best of results. When I first took them I had pains across my back just over the kidneys. My kidneys acted too frequently and I had to get up three or four times a night. I began using Doan's Kidney Pills which I bought at Armstrong's Drug Store, and was soon relieved and felt fine. I have also recommended Doan's to many friends."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bond had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

## STIFF JOINTS SORE MUSCLES

Limber Up Quickly Under the Soothing, Penetrating Application of Hamlin's Wizard Oil.

In cases of rheumatism and lame back it penetrates quickly, drives out soreness, and limbers up stiff, aching joints and muscles. Wizard Oil is an absolutely reliable, antiseptic application for cuts, burns, bites, and stings. Sprains and bruises heal readily under its soothing, penetrating qualities.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back. Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.—Adv.

## "SNAKE OIL" RELIEVES THOUSANDS

Stops Pain or Money Back

Surely when ten million people buy Miller's Antiseptic Oil (known as Snake Oil) of a positive guarantee of satisfaction or money back, and only 12 bottles returned, you can believe that this is the "World's Greatest Reliever of Aches and Pains."

After once trying Miller's Antiseptic Oil (known as Snake Oil), you will never want to be without it because it penetrates so quickly and brings such prompt relief for such ailments as rheumatism, lumbago, sprains, aching joints, la grippe, colds, influenza, etc. Mrs. Sarah Mitchell, Higgins, Mo., writes, "I send \$2.20 for 2 bottles of Miller's Antiseptic Oil (known as Snake Oil), please send by return mail, as I am needing the oil." Mr. Henry Atwell, Center, Kentucky, writes, "I have just tried a 60c bottle and got great relief." Thousands of letters such as these have been received. Get 30c, 60c or \$1.00 bottle today from any drug store. Money back guaranteed at Armstrong & Co.—Adv.

## STOMACH GOOD AS NEW, FOUR DOCTORS GAVE HER UP

Mrs. Hendricks, Bedfast Five Months, Was Able to Work in Two Weeks.

"I was sick last winter for five months with stomach and bowel trouble. Could not turn myself in bed without help. I was under the care of four doctors, and they gave me up. Then Mr. Mills, the druggist, persuaded my husband to try a bottle of Milk's Emulsion. I had only taken it two days until I was sitting up in bed, and in two weeks I was doing my own work. When I began taking it, I weighed only 70 pounds; now I weigh 100 pounds."—Mrs. Mary Hendricks, 900 Litchfield Road, Owensboro, Ky.

Thousands of people who have suffered for years from stomach and bowel trouble, have found relief, almost from the first dose of Milk's Emulsion. And it is real, lasting benefit.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness had weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Three Halls, Ind. Sold by

## HEATING PLANT FAILS; CITIZENS ARE COLD

Failure of Water Supply Causes White Hall Heating Plant to Close Down—Business Houses and Citizens Suffer Inconvenience

White Hall, Jan. 19.—A failure at the central station of the city heating system about 8 o'clock last evening has since deprived the users of municipal heat of their customary source of comfort with a cold spell fast coming. An examination revealed that the system that furnishes the water supply had broken through, and that the heat would not be again available before Saturday evening. The failure affected the business and leading residence districts.

A meeting of White Hall post of the American Legion will be held Sunday afternoon for the purpose of electing permanent officers and the consideration of plans for the erection of a memorial building on Whiteside Park in connection with the library ground and the park board.

The annual meeting of the Greene county Farm Bureau drew a large attendance to the theatre in Roodhouse Friday, evidencing the live interest in the movement among the farmers. Louis Lowenstein of White Hall, the retiring president, was in California, and the meeting was presided over by Clyde Hopkins of Roodhouse, who was elected president for the ensuing year, together with J. G. Burns, Greenfield, vice president, and E. C. Secor, Carrollton, secretary and treasurer. W. S. Corsa and Marcus McColister, White Hall, were made members of the executive committee, the former representing live stock and the latter dairying. Addresses were delivered by Hon. Homer J. Tice and Dr. George W. Coffey, the latter representing the farm bureau work of the University of Illinois. President Hopkins made a report on the recent state meeting at Peoria. E. M. Phillips and E. C. Secor were also delegates, both of Carrollton, the latter being the county farm advisor. Advisor Phillips made his annual report, which showed that the present membership of the Greene County Farm Bureau is 465, an increase of 115 over a year ago, and arrangements were made for conducting a drive in the county for members that is destined to enroll the greater part of the agricultural interests of the county.

Two arrests are reported at Roodhouse as the result of the theft of a quantity of wine in the C. & A. yards there several days ago. The wine was being transported in a tank car, and was an interstate shipment from California, and was delivered to the C. & A. at Kansas City. Between Kansas City and Roodhouse the shipment is said to have been tampered with five times, and the big haul was made at Roodhouse, the car being sent to Bloomington empty, where it still remains. Federal government and railroad officials have since been working on the case with energy, and the end is not yet.

The December dinner of the Brotherhood will be held in the chapel of the Presbyterian church next Tuesday evening at 7 o'clock. The speaker will be Dr. A. E. Turner of Lincoln, Ill., whose subject is "The Peril of Democracy." There will be a reading by Mrs. Simon Venderheyden and a piano duet by Misses Ruth Perry and Bernice Huff. Dr. Turner is president of the Lincoln college and an orator of note.

W. G. Ebey, who is now in Washington on labor matters as representative of the American Train Dispatchers' association, expects to be in White Hall by the end of the present month, and will speak in the M. E. church on Sunday night, Feb. 1. He is assured a large gathering of old friends, and there will likely be quite an attendance of visiting dispatchers to hear the man who is being spoken of as the next head of this national organization.

The high school basketball team went down to defeat before the Jerseyville township high at Jerseyville Friday night by the score of 42 to 29. The junior high team went along and brought home a victory that partially atoned for the loss of their older brothers, this score being 33 to 22. A week before the White Hall high defeated the Carrollton high at White Hall 51 to 7, and the boys felt quite chummy until they went up against Jerseyville.

G. D. Barnes, the veteran insurance and real estate man, was down from Manchester Friday. In spite of his vocation, he is a very popular and highly esteemed man over the greater parts of Greene and Jersey counties.

W. S. Corsa attended a committee meeting of state live stock interests in the Leland hotel at Springfield Saturday.

J. V. Teeple was down from Roodhouse this week. He says his next news writing job is Gary, Ind., having just shook the snow of Kansas City from his feet. At Gary he will be in proximity to Ralph C. Pierce of the Hammond Daily Times.

AUSTIN B. PATTERSON

### OBITUARY

Funeral services for Miss Hattie Porter were held from the home of the bereaved parents near Neeleyville at 10:00 o'clock Sunday morning, January 4, 1920.

There was a large gathering of relatives and friends to pay a last tribute of respect to the memory of the deceased. Funeral services were in charge of Rev. Scott Peak.

Appropriate music for the occasion was rendered by Mr. and Mrs. Leonard Black and Mrs. Paul Green.

The profusion of beautiful flowers attested the esteem in which Hattie was held. The flowers were cared for by the Misses Grace Matthews, Hester Korty, Alma Northrup and Ruby Hester.

After the services at the home, the funeral cortege moved to the Gilliam cemetery where the remains were laid to rest.

The bearers were: Hunter Funk, Henry Benz, Walter Hubbert, Claude Taylor, Percy Funk and Harry Koch.

Hattie was held in the highest esteem by her neighbors, friends and schoolmates and was loved by all who knew her.

Hattie Porter, daughter of John and Mary Porter was born December 29, 1902, near Merritt, Scott county, Illinois, and departed this life January 2, at a. m., 1920 at the Passavant Hospital, Jacksonville, Ill., at the age of 17 years and 4 days. She is survived by her father and mother, one brother Alpha, at home, also one married sister Ella Hubbert.

Hattie was of a lovable disposition. Her friends were numbered by her acquaintances, and all loved her. It seems sad to us for the silver cord of a bud just bursting into blossom to be broken. But it is left to him who giveth and taketh all things. His will not ours be done. Sometime we'll understand. Call not back the dear departed. Anchored safe where storms are o'er.

On the border land we left her. Soon to meet and part no more. When we leave this world of changes.

100

## WHEN THE KIDDIES SUFFER FROM COLDS

Give them pleasant-to-take, helpful Dr. Bell's Pine-Tar-Honey

CHILDREN romp around and play and become overheated. A cold often results. It should not be neglected one instant. Give them Dr. Bell's Pine-Tar-Honey. It is very pleasant to take and its ingredients are sure to ease the tickling throat. It helps in relieving irritation and phlegm congestion. Clear the air passages. Take Dr. Bell's Pine-Tar-Honey yourself for that heavy cold. What it does for thousands of others it undoubtedly will do for you. All druggists. 30c., 60c., \$1.20.

**best all-around soap  
you ever used!**

Joy Soap gets into the bath tub when you get out. My how it cleans everything—until it almost sparkles with delight!

All over the house it's the same happy helper! Washing dishes is far more pleasant when you use Joy. The laundry can be done better and in less time with this wonder soap. Floors, windows, oilcloths, a hundred usually mean house-cleaning tasks can be done quickly and easily with Joy.

Joy is a firm, white soap, long lasting and good to feel. No "soapy stickiness or smell" about Joy. Sort of feels like it wants to help make your work more pleasant—and it surely does!

Ask your grocer for Joy, the soap that works like a wizard.

## WHEN YOU SUFFER FROM RHEUMATISM

Sloan's Liniment should be kept handy for aches and pains

Why wait for a severe pain, an ache, a twinge following exposure, a sore muscle, sciatica, or lumbago to leave naturally when you should keep Sloan's Liniment handy to help curb it and keep you active and fit?

Without rubbing, for it penetrates, apply a bit today to the afflicted part. Note the gratifying, clean, prompt relief that follows. Sloan's Liniment couldn't keep its many thousands of friends the world over if it didn't make good. That's worth remembering. All druggists—three sizes—the largest for utmost economy. 35c., 70c., \$1.40

We Buy or Sell

## Flour and Mill Feeds

You will find at our elevator always a complete stock of flour and mill feeds.

## Hormel's Flour

Is made from Northern Hard Wheat. There is none of better quality. Use it for bread and ever afterward you will ask your grocer for the same brand.

## All Kinds of Feed

Corn, oats, bran, shorts and other grain feeds; together with straw and hay always ready. You will be interested in the prices.

We do not deliver in small quantities.
